INTRODUCTION

BUILT BY BENTLEY. MAINTAINED BY BENTLEY.

FOR THE ROAD AHEAD

For more than a century, Bentley has created cars that seamlessly bring craftsmanship and performance together in a way few marques can match. Built by exceptional people, using exceptional materials, every Bentley is designed to feel as rewarding in the smallest detail as it does on the open road.

That sense of care should not end at handover. Whether your Bentley is new to you or has been part of your life for years, the way it is maintained, protected and personalised helps preserve the qualities that make it extraordinary.

Your Bentley Retailer gives you access to the people, parts, tools and knowledge developed around the car itself. From specialist expertise to Genuine Parts, ownership support and carefully chosen accessories, every element exists to help your Bentley continue to feel as Bentley intended.

It is care considered from the beginning: precise, personal and shaped around the journeys still to come.

BUILT BY BENTLEY. MAINTAINED BY BENTLEY.

MADE TO BE DRIVEN. CARED FOR TO ENDURE

Every Bentley carries something of Crewe with it: the craft of the hands that shape it, the performance engineered into it, and the character that deepens as it becomes part of your life.

That standard of care matters. From the quiet confidence of the cabin to the effortless response through the wheel, every detail relies on attention that understands Bentley engineering, craftsmanship and character.

Official Bentley Repairers carry that understanding forward. Crewe-trained technicians, approved parts and specialist equipment all combine together to provide tailored advice that reflects your model, your market and the way you use the car.

From the first years of ownership to the stewardship of an older model, it helps protect the fusion of luxury and performance at the heart of every Bentley – not just for the next drive, but for the journey still to come.

“Some call them details. We call them essentials.”

GENUINE PARTS

INTEGRITY IN EVERY DETAIL

Genuine Bentley Parts are designed, tested and approved specifically for Bentleys. Used during servicing or repair by Bentley Certified Technicians, they help maintain the exacting standards established at Crewe, ensuring that the car continues to perform and endure as intended.

This care also supports the wider story of ownership. A Bentley-certified service history provides a clear record of maintenance carried out by specialists, using approved methods and the correct parts.

It is evidence of provenance, precision and continuity – qualities that matter today and may help support long-term value in the years ahead. Precision-made and rigorously quality tested, Genuine Bentley Parts are created to deliver the fit, finish and durability expected of the marque.

They also come with a comprehensive two-year warranty, with regional variation applying.

➤ For details relevant to your car and market, please speak to your Bentley Retailer.

PROVEN PERFORMANCE

All parts are manufactured to the original specification for maximum durability and quality. An example of this is independent TÜV NORD testing, which compares the performance of Genuine Bentley brake discs with an alternative replacement under extreme stress conditions. During Crack Initiation testing, the genuine brake disc lasted significantly longer, and also remained fully serviceable throughout the High Load test conditions.

This is why we recommend genuine parts: performance and quality matter.

A red Bentley Continental GT is shown from a front-three-quarter perspective, driving on a road that passes through a large, modern concrete bridge structure. The car's license plate reads 'Y10 BML'. The background features a mountain range under a clear sky. The text 'SERVICE AND MAINTENANCE' is overlaid in the center of the image.

SERVICE AND MAINTENANCE

TECHNOLOGY EVOLVES. BENTLEY STANDARDS REMAIN

Every Bentley should be serviced in line with the manufacturer's guidelines, helping preserve its performance, condition and long-term value.

Bentley servicing is carried out by trained specialists using Genuine Bentley Parts, with the knowledge and attention to detail required to care for cars created to exacting standards. Each service also includes a Bentley Health Check, using the latest electronic diagnostic tooling, helping ensure your Bentley remains in the most optimal driving condition for you.

Each service is shaped by your Bentley: its model, mileage, condition and service history, with checks and recommendations tailored accordingly.

A Bentley Service Plan offers a considered way to plan that care in advance. Available for selected models and designed around your servicing schedule, it provides expert maintenance at a predictable fixed cost and cadence, helping reduce uncertainty while supporting the continuity of a full Bentley service history.

Whether you drive a pre-owned car, are caring for a much-loved model or are preparing to purchase your first Bentley, your Retailer can help identify the Service Plan that best suits you, your car and the road ahead.

➤ Please note: Bentley Service Plans may vary by region. Speak to your Bentley Service Centre for more information.

EXTENDED WARRANTY

BUILT BY BENTLEY. MAINTAINED BY BENTLEY.

REASSURANCE FOR THE ROAD AHEAD

A Bentley Extended Warranty helps protect the distinctive experience of driving your car, with reassurance beyond the original Manufacturer Warranty or an existing Certified Pre-Owned Warranty.

Available for eligible Bentley models, with 12- or 24-month cover options, it provides protection for factory-fitted mechanical and electrical components, including consequential damage to non-covered mechanical and electrical components, subject to the full terms and conditions of the policy.

Should a covered failure occur, parts and labour are included for the fitment of Genuine Bentley Parts by Bentley factory-trained technicians. Bentley Assistance is also included for the duration of the Extended Warranty, giving you support when it matters most.

➤ Warranty products, eligibility and cover may vary by region. This is a summary only and full terms, conditions, exclusions and limitations apply. Please speak to your Bentley Retailer for details relevant to your car and market.

PAINT & BODY SUPPORT

BUILT BY BENTLEY. MAINTAINED BY BENTLEY.

THE CRAFT BEHIND EVERY FINISH

Should your Bentley ever need paint or bodywork repairs, accredited Bentley Paint and Body Centres have access to the specialist equipment, repair technology and factory-approved methods required to restore the bodywork with precision.

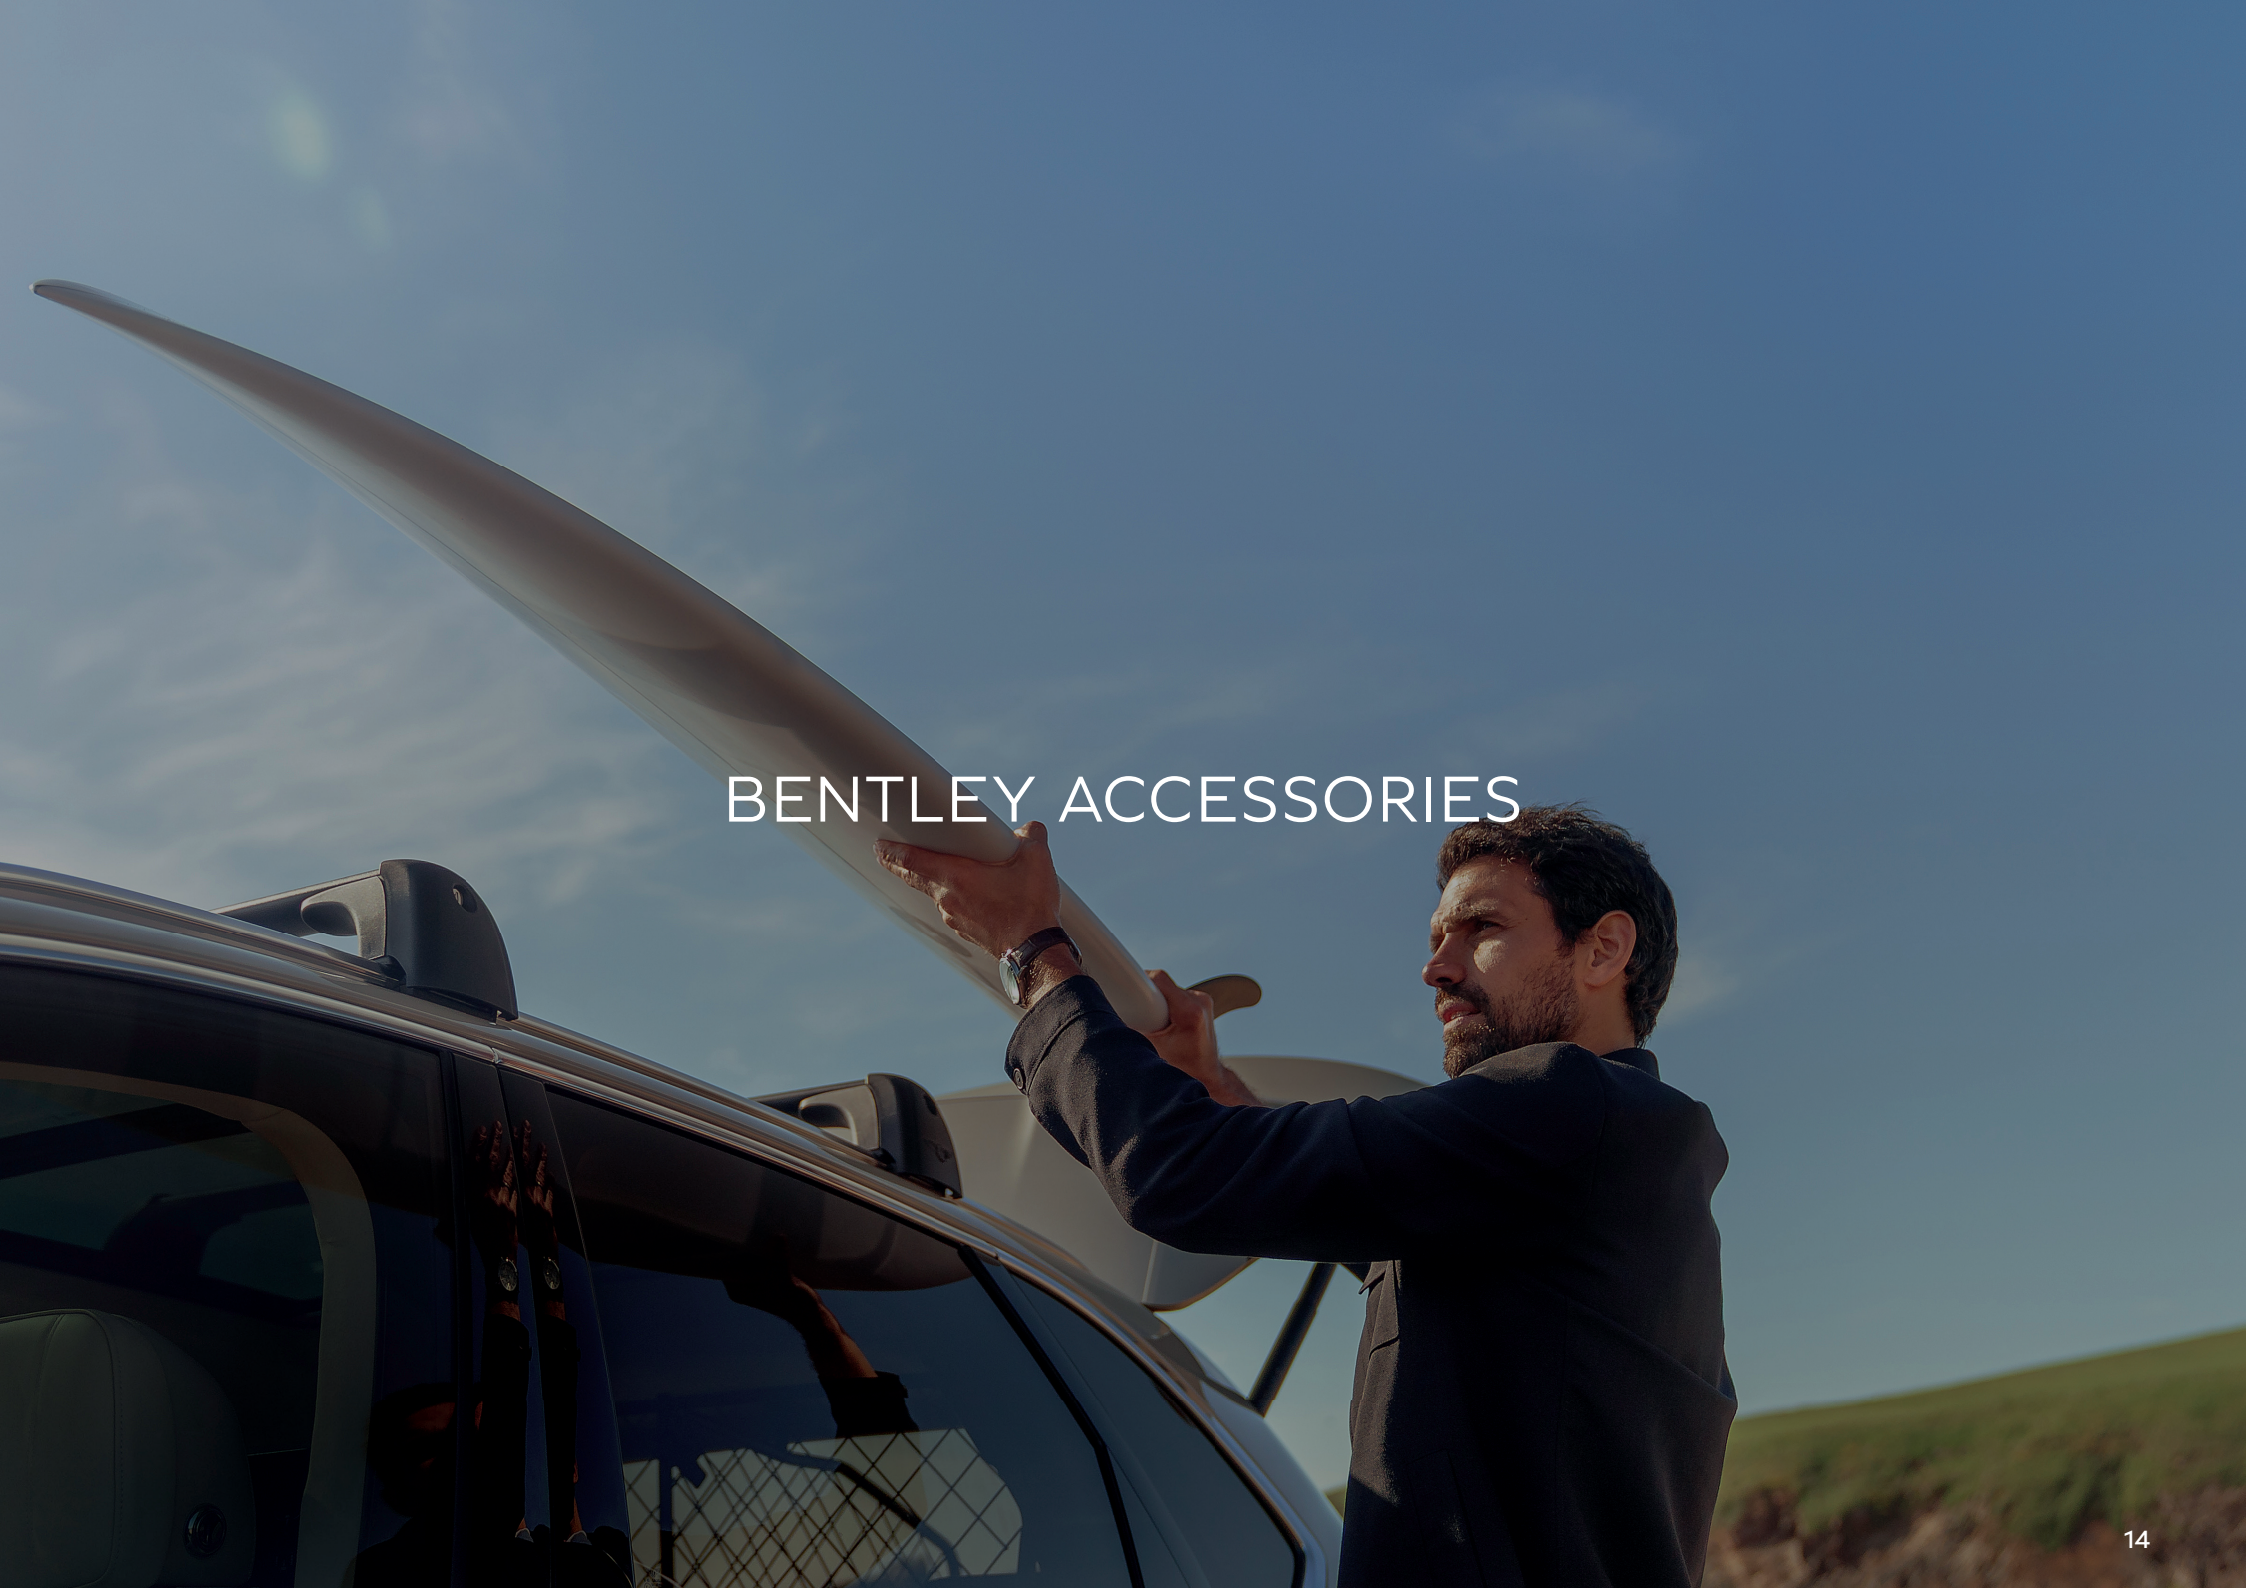

Each centre is assessed regularly to ensure Bentley standards are maintained. From approved paint systems to panel alignment, colour matching, surface preparation and the way light moves across each panel, every repair is approached by technicians who understand the materials, proportions and craftsmanship that define the car.

Bentley paint and bodywork calls for judgement, patience and exacting attention to detail – the difference between repairing a surface and restoring the presence of the car to the highest standards.

KEEP YOUR EYES OPEN

Bentley Drive Vision and Dual Drive Vision act as your co-pilot for safety and security, using front or front and rear cameras to continuously capture the road. It's your co-pilot for safety and security, looking out for you when you're behind the wheel and when you're away from your car.

A man with a beard, wearing a dark suit and a watch, is shown from the side, loading a long, light-colored surfboard onto the roof rack of a dark-colored SUV. The vehicle is parked on a grassy hillside under a clear blue sky. The scene is brightly lit, suggesting a sunny day. The text "BENTLEY ACCESSORIES" is overlaid in white, sans-serif capital letters across the middle of the image.

BENTLEY ACCESSORIES

BUILT BY BENTLEY. MAINTAINED BY BENTLEY.

DESIGNED AROUND THE WAY YOU DRIVE

Genuine Bentley Accessories are created to complement the car, not alter its character. Designed and approved for all Bentley models, they allow owners to refine the way their car looks, feels and performs while remaining true to Bentley standards of craftsmanship, quality and design.

From protecting your interior and enhancing everyday convenience and connectivity, to helping your beloved pets travel in comfort and safety, or adding presence with a sleek styling specification, every accessory is created with the needs of your lifestyle in mind.

What connects them is the care behind each choice: every detail is designed to feel integrated, appropriate and unmistakably Bentley.

BUILT BY BENTLEY. MAINTAINED BY BENTLEY.

INFOTAINMENT UPGRADE

Your Bentley is extraordinary. With the Bentley Infotainment Upgrade, selected models can be brought to a new level of connectivity while preserving the character of the cabin you know and love.

The upgrade replaces the existing infotainment system with an intuitive HD touchscreen, bringing together entertainment, enhanced navigation, Bluetooth® connectivity, Android Auto™ and Apple CarPlay™ in one seamless Bentley-designed system.

Designed to integrate naturally with the car, it allows every journey to feel more connected, contemporary and effortless – an evolution of the Bentley experience, created with the same attention to detail as the car itself.

➤ Model and market applicability applies. Please contact your Bentley Retailer for more information

UNIQUE EXPERIENCES

BUILT BY BENTLEY. MAINTAINED BY BENTLEY.

OWNERSHIP BEYOND THE CAR

Bentley ownership opens the door to experiences shaped by the world of Bentley: considered hospitality, memorable journeys, exclusive events and communications created for people who share an appreciation of extraordinary cars, history and lifestyles.

Your Bentley Retailer will keep you connected to opportunities that suit your interests, your car and your stage of ownership, adding another dimension to the pleasure of owning a Bentley.

➤ Please contact your Bentley Retailer for more information on events and experiences coming up in your region.

BUILT BY BENTLEY. MAINTAINED BY BENTLEY.

CARS AND COFFEE

Cars and Coffee captures something essential about Bentley ownership: bringing extraordinary people together in an informal, welcoming setting. Around the world, these gatherings create opportunities to connect with fellow owners, share experiences and celebrate a passion for Bentley in a relaxed and enjoyable environment.

From intimate mornings at distinctive local venues to larger events inspired by design, craftsmanship, motorsport and travel, every occasion is thoughtfully curated with the same attention to detail that defines Bentley. Exceptional hospitality, carefully chosen locations and the company of like-minded people make each event memorable, while giving you new reasons to enjoy your Bentley beyond the road. Through your Bentley Retailer, you can remain connected to these experiences throughout your ownership journey.

SUPERSPORTS: A GLOBAL EXPRESSION OF BENTLEY PERFORMANCE

Bentley's Supersports lineage spans three generations of the Continental GT from 2009, 2017 and 2026, each redefining performance through advanced engineering and a more engaged driving experience. Inspired by the legendary 1925 3-Litre Super Sports, the name represents the ultimate expression of Bentley's sporting heritage.

The latest Supersports has created a series of remarkable moments for Bentley enthusiasts around the world, connecting the spirit of those earlier-generation Supersports models with the most focused Bentley road car of today. From Pym's Lane in Crewe, where Supersports: FULL SEND transformed Bentley's historic home into its own high-performance stage, to Dubai, where the film premiered before customers and guests as the Burj Al Arab was illuminated in

Bentley green, each experience has placed Supersports within a wider global story.

In Tokyo, that story continued with a celebration across the city, from Tokyo Tower to Shinjuku, where owners, enthusiasts and the wider car community came together around Bentley's latest models and the enduring appeal of Supersports.

Together, these events show how Bentley ownership can extend far beyond servicing and support, opening the door to experiences shaped by performance, craftsmanship, culture and place. Whether your Bentley is a recent commission or a cherished earlier model, your relationship with Bentley can continue to evolve through your Retailer.

A woman with long brown hair, wearing a white t-shirt and tan pants, is driving a car. She is smiling and looking towards the camera. A man in a grey hoodie is sitting in the passenger seat, looking towards the driver. The car's interior features black leather seats with blue stitching. The background shows a scenic view of a field with pink flowers and green hills under a cloudy sky.

OWNERSHIP WITH CONFIDENCE

BUILT BY BENTLEY. MAINTAINED BY BENTLEY.

CLARITY FOR THE ROAD AHEAD

Service Plans, Extended Warranty and Paint and Body Support each play a different role. Together, they give you peace of mind that your vehicle is in the best hands, with support that feels considered, predictable and reassuring.

Every Bentley owner uses their car differently. Some are planning the first years of ownership; others are caring for a model with its own history. In each case, the right support can make the future easier to plan.

A complete Bentley service and maintenance history is more than an ownership record. It forms part of the car's provenance, showing the care, continuity and specialist attention it has received over time.

Your Bentley Retailer can talk you through the options available for your car and market, helping you choose the support that makes sense for the way you plan to own and enjoy it.

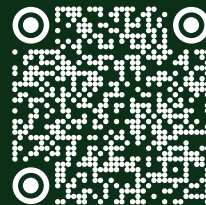

Protect the extraordinary

*"To build a fast car, a good car,
the best in its class"*
