THE BENTAYGA EWB RANGE

The Bentayga Extended Wheelbase range

The Bentayga EWB offers truly unrivalled levels of comfort and luxury, alongside exhilarating performance and the latest automotive technology. Extending the Bentayga wheelbase by 180mm to deliver a marked increase in rear legroom, it offers a rear cabin experience like nothing else on the road.

Powered by an advanced 4.0 litre V8 engine, the Bentayga EWB is equipped with a suite of advanced chassis systems, for truly exhilarating performance as well as an incredibly refined ride. So whether you want to cruise through the city, embrace the open road or traverse more challenging terrain, no other SUV can take you to such incredible heights of performance, technology and luxury.

Bentayga EWB Azure (V8) WLTP drive cycle: fuel consumption, mpg (l/100 km) – Combined 22.1 (13). Combined CO₂ – 296 g/km.

Three exquisite models

The Bentayga EWB combines luxury and performance with the very latest automotive technology. It can be commissioned in your choice of three stunning models.

Bentayga EWB

The definitive luxury SUV, the Bentayga EWB represents a showcase of automotive space and comfort, with its subtle extension of 180mm delivering a radical increase in rear legroom.

Wherever you look, you and your passengers will see the attention to detail you expect from Bentley – from the gleaming chrome surround and centre bar of the black matrix grille to the contrast-coloured accents on the front and rear bumpers.

With an exclusive interior colour combination and a wealth of innovative features, plus the latest technology, artisan craftsmanship and effortless power, the Bentayga EWB raises the bar for SUV luxury.

TO DESIGN

Please refer to Specifications and Options pages for standard and optional features. Not all options are available on all models and within all markets.

Bentayga EWB Azure

The Bentayga EWB Azure elevates the SUV experience even further, with a remarkable array of features designed to boost the comfort and wellbeing of everyone on board.

With a bright chrome vertical-vened grille, it combines cutting-edge design with future-focused technology, allowing you to enjoy every moment on the road. This is a car that takes Bentley craftsmanship to new heights – combining artisan techniques with technology packages such as the Touring Specification, a suite of driver assistance systems tailored to the open road.

Available with a vast range of personalisation options, the Bentayga EWB Azure offers an inviting space for everyone – yet one that is uniquely yours.

TO DESIGN

Please refer to Specifications and Options pages for standard and optional features. Not all options are available on all models and within all markets.

Bentayga EWB Mulliner

For the ultimate travelling experience, look no further than the exquisitely crafted Bentayga EWB Mulliner. Delivering everything the Mulliner name stands for in terms of prestige, presence and personalisation, it represents a truly unrivalled level of automotive craftsmanship.

A chrome, diamond-in-diamond Mulliner front grille draws the eye, while the exclusive 22" Mulliner wheels, complete with their self-levelling Bentley badges at their centres, give the car a supremely confident appearance.

Inside, the unique Mulliner interior takes SUV comfort to another level. Offering the ultimate in comfort and space, alongside innovative wellbeing technology, the Bentayga EWB Mulliner offers a travelling experience like no other.

TO DESIGN

Please refer to Specifications and Options pages for standard and optional features. Not all options are available on all models and within all markets.

DESIGN

The bigger picture

Long, flowing lines run from the front to the rear of every Bentley EWB, making it clear from the outset that this is no ordinary SUV.

Enhancing its longer profile are a roof spoiler and 'power line' running the length of the car, while its subtly elongated rear doors give a hint at the extra space to be enjoyed inside. A Bentley 'B' badge, meanwhile, sparkles on the D-pillar.

Contrast silver bumper valances, front and rear, set against your choice of paint colour, enhance its commanding presence on the road. A range of 21" and 22" wheels are available in a variety of stunning finishes that now includes Pale Brodgar Satin paint, while both the Azure and Mulliner models can be commissioned with their own exclusive wheel designs.

This is a vehicle that transforms the travelling experience, without compromising on its unrivalled exterior beauty.

Please refer to Specifications and Options pages for standard and optional features. Not all options are available on all models and within all markets.

Exquisite details

The Bentayga EWB is designed to excite at first sight. Yet the closer you look, the more you see.

Distinctive polished chrome front grilles are flanked by elliptical front lamps bearing Bentley's signature 'cut crystal' design, scattering the light beautifully. Elliptical tail lamps are crafted to the same exquisite standard, their oval shape reflecting that of the split twin tailpipes.

Add the optional Mulliner Blackline Specification and almost all of the chrome detailing is turned black, for a deeper, darker aesthetic. The only things that remain chrome are the Bentley wings and the 'BENTLEY' wordmark on the tailgate.

As you step inside, you may notice one more subtle detail: the words 'Handcrafted in Crewe, England' etched into every treadplate.

Please refer to Specifications and Options pages for standard and optional features. Not all options are available on all models and within all markets.

Design: Bentayga EWB

The Bentayga EWB represents a showcase of the exterior detailing you expect from Bentley – from the gleaming chrome surround and centre bar of its black matrix grille to the contrast-coloured accents on the front and rear bumpers. The 180mm wheelbase extension works perfectly with the Bentayga EWB's sleek proportions and the model's imposing 21" wheels. This is a vehicle that will catch the eye and turn heads, wherever you drive it.

[TO INTERIOR](#)

Please refer to Specifications and Options pages for standard and optional features. Not all options are available on all models and within all markets.

Design: Bentayga EWB Azure

The entire front of the Bentayga EWB Azure gleams, thanks to the polished chrome finish on the lower bumper grilles that complement the vertical-vened main grille and the chrome 'Azure' badging. In fact, wherever your gaze falls, Bentley's famed attention to detail is on full display, right down to the jewelled caps on the fuel and oil fillers. Step into the rear cabin and you may notice the powered doors close quietly behind you.

A unique 22" ten spoke wheel design is available in a choice of three finishes, alongside numerous alternative options, in both 21" and 22" sizes. Illuminated treadplates light your way as you step inside, where a cabin like no other awaits.

[TO INTERIOR](#)

Please refer to Specifications and Options pages for standard and optional features. Not all options are available on all models and within all markets.

Design: Bentayga EWB Mulliner

There is no mistaking the luxurious pinnacle of the entire Bentley range: the Bentayga EWB Mulliner.

This is a vehicle that is instantly recognisable, thanks to the chrome details of its diamond-in-diamond Mulliner front grille, Mulliner wing vent and satin silver door mirror caps. Add the Mulliner Blackline Specification and these details will be rendered in a rich black instead. Exclusive to the Mulliner model, its 22" wheels are available in three unique finishes, all featuring self-levelling Bentley 'B' badges at their centre.

On entry, the ground comes to life with a swirling light show, projected from the unique new Animated Welcome Lamps by Mulliner, located in each door. Illuminated 3D treadplates, inscribed with 'Handcrafted in Crewe, England', guide you onward as you step inside.

Please refer to Specifications and Options pages for standard and optional features. Not all options are available on all models and within all markets.

INTERIOR

MULLINER

A space like no other

Whether you're immersing yourself in online content, focusing on work, or simply watching the world go by, you can do it all with ease in the Bentayga EWB.

Thanks to the 180mm wheelbase extension, the rear cabin offers extraordinary legroom, with seating arrangements for two or three rear-seat passengers. The Bentley 'wings' emblem inspires the flow of the fascia from the centre console and out into each front door. The console itself reaches right back into the rear, providing access to the USB-C ports, wireless charger and Touch Screen Remote, which allows those in the rear to control features including seat massage, heating and ventilation, climate control and sound. The entire space, meanwhile, is bathed in light from the panoramic sunroof overhead.

Technology has a role to play too – as it does in the seats, the lighting and even the air conditioning system. As well as air ionisers in both the front and rear, a smart air conditioning system continually optimises interior air quality. It's all part of a truly holistic approach to driver and passenger wellbeing.

Please refer to Specifications and Options pages for standard and optional features. Not all options are available on all models and within all markets.

A higher standard of comfort

The luxurious, upgraded Front Seat Comfort Specification is included with every Bentley EWB model. It offers a six-setting massage function and 20 different types of adjustments, including headrests, cushions and backrest bolsters, to offer both driver and passengers a truly indulgent and relaxing experience. It also now includes Seat Auto Climate, which monitors the humidity and temperature at the surface of each front seat and uses a combination of heating and ventilation to respond automatically, keeping you comfortable at all times. And it includes Postural Adjust, which uses a series of air cushions inside each front seat to vary the pressure on your muscles throughout your journey. Although the effect is imperceptible on the lowest settings, it reduces fatigue and

stiffness significantly, especially when you are in the vehicle for a long time. As a result, you can avoid the stiffness that can build up on long journeys, and get out of your Bentley EWB feeling as good as you did before you got in.

If you choose the Five Seat Comfort Specification, Seat Auto Climate and Postural Adjust are available in the front seats. Choose the Four Seat Comfort Specification or the 4+1 Comfort Seat Specification, and these features become available in the rear as well, to maximise the wellbeing of everyone in the car.

Please refer to Specifications and Options pages for standard and optional features. Not all options are available on all models and within all markets.

The Airline Seat Specification

The Airline Seat Specification makes the passenger experience more akin to that of being flown on a private jet. Both rear seats recline smoothly, with adjustable bolsters and electric headrests for optimum comfort – while two innovative features, Postural Adjust and Seat Auto Climate, offer new levels of relaxation.

Hide-trimmed picnic tables fold down from the seat backs so you can enjoy a relaxing lunch or work on your laptop. The Touch Screen Remote lets you adjust the music system, climate and lighting to create the perfect atmosphere.

Behind the front seat passenger, an electric footrest deploys for even more support, with 'Business' and 'Relax' switches adjusting the seat from reclined to comfortably upright, and back again – for a truly first class experience.

Please refer to Specifications and Options pages for standard and optional features. Not all options are available on all models and within all markets.

A breath of fresh air

The Bentayga EWB features an intelligent air conditioning system, designed to improve cabin air quality and reduce the number of PM2.5 particles to which you and your passengers are exposed.

The system constantly monitors the atmosphere, both inside and outside the cabin. Interior and exterior readings can be seen at any time on the 'Air Quality' panel on the central touchscreen. It also models the CO₂ concentration in your car. When CO₂ levels are low outside, clean fresh air is drawn in. If not, the air inside is recirculated instead.

The system can even detect tunnels as you approach, switching to recirculation mode before you enter, to avoid pollution in the tunnel being drawn inside. The moment you exit the tunnel, the system switches back, drawing in fresh air from outside once again. To save energy, it can even detect whether anyone is sitting in the rear seats. If not, performance in the back of the cabin is automatically reduced.

Please refer to Specifications and Options pages for standard and optional features. Not all options are available on all models and within all markets.

Bentley Diamond Illumination

Controlled from the main infotainment panel or the Touch Screen Remote, Bentley Diamond Illumination allows a series of LEDs built into the upholstery to shine through tiny perforations in the leather, to stunning effect – especially when travelling at night. With varying degrees of intensity and 30 different colours to choose from, it can be synchronised with the cabin's mood lighting or adjusted independently.

Please refer to Specifications and Options pages for standard and optional features. Not all options are available on all models and within all markets.

Digital details

Behind the ergonomic, hide-trimmed steering wheel, you'll find the fully digital driver's information panel, where you can choose the view that suits your driving style – the traditional two dial design, or an expanded option providing clear visuals of maps and media. It can be displayed with a choice of different graphic design schemes to match your taste, with three options on the Bentayga EWB model, four on the Bentayga Azure and six on the Mulliner model. All include designs that have been created to reflect the character of the vehicle you choose.

Please refer to Specifications and Options pages for standard and optional features. Not all options are available on all models and within all markets.

Interior: Bentayga EWB

The Bentayga EWB features Crown Cut Walnut veneers and fluted leather seats, available in a wide range of colours and two-tone combinations, thanks to the inclusion of the Colour Specification. The Front Seat Comfort Specification provides the latest in seating technology, while rear waterfall lighting adds to the luxurious ambience. The carpets are made from 100% recycled Nylon, while contrast stitching and deep pile overmats are available as options.

A 4+1 seating configuration combines two full-featured rear seats with the opportunity to seat a fifth occupant. The rear section of the centre console, meanwhile, includes wireless charging and easy access to the Touchscreen Remote, for controlling many of the interior features.

SPECIFICATIONS AND OPTIONS

Please refer to Specifications and Options pages for standard and optional features. Not all options are available on all models and within all markets.

Interior: Bentayga EWB Azure

Behind the power-close rear doors of the Bentayga EWB Azure, the sumptuous interior features Harmony Diamond Quilt, plus a duo-tone, hide-trimmed, heated steering wheel, hide-trimmed gear lever, deep pile overmats and sport pedals. Mood lighting and 'Azure' illuminated treadplates take the ambience to the next level. The front headrests are electrically adjustable, while the Front Seat Comfort Specification includes Postural Adjust and Seat Auto Climate. The driver's information panel graphics reflect the car's luxurious character, while 'Azure' badging and seat emblems ensure its identity is clear. It all adds up to a uniquely luxurious space.

SPECIFICATIONS AND OPTIONS

Please refer to Specifications and Options pages for standard and optional features. Not all options are available on all models and within all markets.

Interior: Bentayga EWB Mulliner

Inside, the Bentayga EWB Mulliner is a showcase of Mulliner craftsmanship, from the diamond-milled aluminium console to the Mulliner Harmony Diamond Quilt, with diamond stitching in two colours. The exclusive three-colour Mulliner hide combination includes sections of sustainably tanned leather, plus accent-coloured 'Mulliner' seat emblems and the stunning Bentley Diamond Illumination. Grand Black veneers encircle the cabin, while the veneered fascia, waistrails and picnic tables feature chrome overlays. Every detail has been considered, from the 3D illuminated treadplates to the Mulliner overmats with accent hide piping. Even the keys come in a Mulliner presentation box with leather pouches, crafted in your chosen interior colours.

[SPECIFICATIONS AND OPTIONS](#)

Please refer to Specifications and Options pages for standard and optional features. Not all options are available on all models and within all markets.

TECHNOLOGY

Intuitive technology

Every Bentley EWB is equipped with the latest driver assistance technology, alongside a suite of Connected Car services, accessible both in-car and remotely, via the My Bentley app. The vehicle can harness infrastructure data to deliver services including real-time traffic information, green traffic light prediction and swarm services from other road users to warn you of potential hazards.

Inside, you can now use the new My Bentley App Studio to download your personal choice of applications – which means you don't have to worry about your phone battery draining while you use it for music or navigation, for example. And if you do choose to use a third party navigation app, it will have access to your vehicle's fuel and/or charge levels, for more accurate journey planning.

You can even assign certain frequently-used functions – for example switching navigation announcements on or off – to a custom switch on the steering wheel, for easier access while driving.

Please refer to Specifications and Options pages for standard and optional features. Not all options are available on all models and within all markets.

Effortless manoeuvres

A suite of driver assistance systems makes the Bentayga EWB easier to drive than ever – especially when parking and manoeuvring at low speeds.

Parking made even easier

The Intelligent Park Assist* function can identify a suitable parking space, then take control of the steering, pedals and gears while it parks your vehicle. And for occasions when the space is so tight that it would be hard to get in or out of the vehicle once parked, you can use My Bentley Remote Park Assist*, a feature accessed via the My Bentley smartphone app. Simply step out of the car before it parks and tap the button in the app that activates remote parking. Then hold the button down until your Bentayga has safely parked itself. Your car will stop moving straight away if you stop holding the button for any reason. When you return to your car, you can also use Remote Park Assist* to drive it out of the parking space, so you can comfortably get back in.

Assistance when you need it most

When manoeuvring in extremely tight spots or crowded locations, 3D Surround View allows you to choose the best view available from the four different cameras on the car or, alternatively, see a 3D view of the overall environment around the vehicle.

Manoeuvre Assist provides an extra layer of safety for you and your car, by monitoring the environment in hard-to-navigate spaces and braking automatically if your vehicle looks likely to collide with anything.

Trailer Assist*

Reversing can become a little more difficult when you have a trailer in tow, which is why you can now commission a Bentayga EWB with Trailer Assist. As soon as you put the car into reverse, the view from the rear camera is projected on the main infotainment screen. You then tell the car where you want your trailer to go, using the Drive Dynamics Control rotary knob on the front console. Then all that remains is to let go of the steering wheel and let the car do the rest.

*The driver must constantly supervise the manoeuvre and be able to intervene at any time to maintain safety. Please refer to Specifications and Options pages for standard and optional features. Not all options are available on all models and within all markets.

Embrace the open road

Every Bentayga EWB is equipped with a number of driving assistance features that make driving long distances more comfortable, such as Adaptive Cruise Control, Lane Departure Warning and matrix headlamps with High Beam Assist. The optional Touring Specification (standard on the Azure and Mulliner models) provides even more intuitive assistance for long-distance touring.

More comfortable cruising

The specification includes Adaptive Cruise Control with Lane Guidance, which enables you to take your feet off the pedals when driving on the highway. As long as you keep your hands on the wheel, it will ensure you stay in the centre of your lane and maintain a safe gap between your Bentayga EWB and the car in front – even if traffic slows to a stop and starts again.

Going beyond the highway

Predictive Adaptive Cruise Control takes these functions further, by offering the same convenience when you leave the highway. Using data from the

navigation system, the front camera and the Traffic Sign Recognition system, it can continue to safely control your speed, accelerating or braking as necessary to account for speed limit changes, bends in the road, junctions and roundabouts.

Safer driving at night

The night vision camera makes driving in darkness safer – especially in situations where obstacles could be present outside or beyond the headlamp beams. The view from the camera is shown on the driver's information display, highlighting the presence of people or animals in your car's path.

Key information at eye-level

The Touring Specification also includes a Head-Up Display, which projects key driving information into your line of sight, so you never need to take your eyes away from the road.

Please refer to Specifications and Options pages for standard and optional features. Not all options are available on all models and within all markets.

Connect to more

Every Bentayga EWB is equipped with a wide range of Connected Car services*, accessed in-car or remotely via the My Bentley app.

Seamless integration

You can input a destination into the navigation system via the My Bentley smartphone app when you're away from your car, so you're ready to go the moment you get behind the wheel. Real-time traffic information can then dynamically re-route your journey if there is congestion, while Green Traffic Light Prediction will aid smooth passage through junctions.

Your choice of apps

With the new My Bentley App Studio, you can opt to download and use many third party apps for navigation, music, video and more, all within the Bentley infotainment system, accessed via the central touchscreen. This means you can use your preferred navigation system, for example, complete with integrated information from your vehicle, such as fuel levels.

A personal experience

In the majority of markets*, your Bentayga EWB is connected to the cloud, enabling all your personal settings to be stored remotely and accessed by the car as required. This means that even if you move between compatible Bentleys or to a new one, all navigation system destinations, light settings, seat settings and even your favourite radio stations can be downloaded immediately, making them available from the moment you get in.

A warm welcome

You can use the My Bentley app to remotely check the status of your locks, lights, mileage and fuel. You can also opt to heat individual seats, armrests and the steering wheel. You can even defrost the windows remotely, before your journey begins.

You're in safe hands

Emergency features include Private eCall and Roadside Assistance, which automatically connect you to a Bentley Emergency Call Centre or the Bentley Roadside Assistance team in the event of an accident. Furthermore, Theft Alert will notify you if the alarm is activated, giving you complete peace of mind.

Please refer to Specifications and Options pages for standard and optional features. Not all options are available on all models and within all markets. *Vehicle connectivity and service availability varies by market. Please confirm specification with your local certified Bentley Retailer. ** With additional data plan purchased through a mobile network operator. Android is a trademark of Google LLC. Apple CarPlay is a registered trademark of Apple Inc.

Wireless by design

Internet connectivity is available for all occupants, thanks to a built-in Wi-Fi hotspot.*

Content on your phone can be accessed in your car wirelessly, through Android™ Auto or Apple CarPlay. Phone content is shown on the section of the screen furthest from the driver, so no driving information is obscured. Online natural speech interaction, meanwhile, lets you activate over 200 car functions by voice, so your hands needn't leave the wheel.

Wireless phone charging is integrated in both the stowage area forward of the gear lever and the back of the front console for access in the rear. The Touch Screen Remote, a wireless tablet included with every Bentayga EWB, enables rear-seat passengers to control features including seat massage, heating and ventilation, climate control and sound.

*With additional data plan purchased through a mobile network operator. Please refer to Specifications and Options pages for standard and optional features. Not all options are available on all models and within all markets.

Incredible audio systems

Every Bentayga EWB can be commissioned with your choice of three audio systems. The Bentley system offers exceptional sound, while audiophiles can upgrade to either the visually striking Bang & Olufsen for Bentley, complete with its stunning illuminated speaker grilles, or Naim for Bentley, for truly unrivalled sound quality.

Rear Seat Entertainment

For the ultimate in passenger entertainment, choose the optional Bentley Rear Entertainment System. Two 10.1" screens sit behind the front seat headrests providing access to a world of online content. Netflix comes pre-installed, while other streaming apps can also be used, via your passengers' mobile devices.

The sound can be enjoyed as an immersive experience via the supplied Bluetooth headphones, your passenger's own headset or earbuds, or even the speakers of the car's audio system.

Please refer to Specifications and Options pages for standard and optional features. Not all options are available on all models and within all markets.

PERFORMANCE

The ultimate SUV

Powered by a 4.0 litre V8 petrol engine, every Bentayga EWB delivers the driving characteristics that made Bentley famous: phenomenal torque for smooth, surging acceleration that feels like it will never end.

The 8-speed transmission ensures optimum gear selection and irresistible acceleration throughout, while an advanced Torsen All-Wheel Drive (AWD) system delivers constant power to all four wheels, for confident driving, whatever the conditions.

Yet this is a sport utility vehicle, after all – and that means more than just exhilaration. Its performance encompasses practicality as well as power – which is why it has been built to take you anywhere, whatever you need to take with you. It can perform perfectly at lateral and longitudinal angles of up to 35°, for example, and at wading depths of up to 500 mm. It's all part of what makes the Bentayga EWB the ultimate SUV.

The V8 petrol engine

The V8 engine offers exhilarating performance, accompanied by a distinctive roar when you put your foot down. It puts 542 bhp (550 PS) at your disposal, reaching its maximum torque of 770 Nm (568 lb ft) at just under 2,000 rpm and maintaining it through to 4,500 rpm.

All this power can propel your Bentayga EWB from 0 to 60 mph in just 4.5 seconds (0 to 100 km/h in 4.6 seconds) and on to a top speed of 180 mph (290 km/h). It also delivers a towing capacity of 3.5 tonnes – more than ample for speedboats, gliders and horseboxes.

For increased efficiency, a Variable Displacement System can shut down four of the eight cylinders when not required, reactivating them again as soon as they are needed – and 'start-stop' technology is deployed when the vehicle is stationary and at 'near-stop' speeds. The result is a truly incredible combination of fuel economy, emissions and range.

Torque

770 Nm

(568 lb ft)

Bentley Dynamic Ride and all-wheel steering

The Bentayga EWB can be commissioned with the 48-volt active roll control system known as Bentley Dynamic Ride, which combines the handling of a sports car with the refinement of a luxury saloon. For unrivalled manoeuvrability, models with this system also include all-wheel steering, which shrinks the car's turning circle at low speeds and improves stability when changing lanes on the highway.

Please refer to Specifications and Options pages for standard and optional features. Not all options are available on all models and within all markets.

Driving beyond the road

Available on all models, the All-Terrain Specification adds four additional Responsive Off-Road Settings, to deliver more drive modes than any other car. The 'Snow & Grass' setting provides grip on low friction surfaces, 'Dirt & Gravel' gives optimum traction on loose debris, 'Mud & Trail' configures the car's systems for muddy, uneven surfaces and 'Sand' gives greater confidence over dunes. And all the while, exhaustively tested underfloor protection ensures all key components are protected.

Please refer to Specifications and Options pages for standard and optional features. Not all options are available on all models and within all markets.

Choose your mode.

Every Bentayga EWB gives you access to four different driving modes – Comfort, Bentley, Custom and Sport – which can be selected using a rotary dial.

While Comfort mode prioritises a smooth ride, the specially calibrated Bentley mode delivers the perfect balance of luxury and exhilaration. Custom mode lets you make your own adjustments to the engine, transmission and suspension and in effect, create your own mode. Sport mode, meanwhile, tailors these variables for a more dynamic drive.

Please refer to Specifications and Options pages for standard and optional features. Not all options are available on all models and within all markets.

Towing and storage

There is more to the way an SUV performs than just the way it drives. Whether you are golfing or skiing, heading across continents or just across town, you need a vehicle that is practical as well as powerful.

That's why the Bentayga EWB has been designed to accommodate a wide range of outdoor pursuits. From roof boxes and bicycle carrying racks to a range of tailored storage solutions for skiing, fishing, diving and other active pursuits, there is a huge range of accessories available. The spacious boot provides ample storage space, while the hands-free tailgate, easy-load boot function and load assist tray enable effortless opening, closing and loading.

You can tow up to 3.5 tonnes – more than ample for speedboats, gliders and horseboxes. The optional electrically retracting tow bar lies hidden behind the rear bumper when not in use. Even reversing with a trailer attached is made significantly easier, thanks to the Trailer Assist feature. See 'Effortless Manoeuvres' on page 28 to learn more.

Please refer to Specifications and Options pages for standard and optional features. Not all options are available on all models and within all markets.

PERSONALISATION

Azure

Express yourself

With a host of accessories and styling options allowing you to configure your Bentayga EWB to your personal taste, it is highly unlikely you will ever see another one like yours.

You can choose from an extensive palette of exterior paint colours, all of which are designed to maintain their brilliance for many years to come. With numerous different wheel designs, hide options, beautiful natural veneers and distinctive trim options, almost every visible feature of your Bentayga EWB can be customised to your own specification.

Azure

Exterior colours

There are seven standard exterior colours. In addition, you can also choose from an extended range and a palette of Mulliner paints that includes a vast range of solid, metallic, satin and pearlescent options. In all, there are 16 satin options and over 80 colours in total – including new Opalite and Gravity Grey, a sublime mid-to-dark metallic finish.

If you have an exact colour in mind – whether it's found on a favourite item of clothing, flower, or piece of art – Mulliner also offers a bespoke colour matching service that can create a paint option which is entirely personalised to you.

Please refer to Specifications and Options pages for standard and optional features. Not all options are available on all models and within all markets.

Wheels

Your choice of wheel can subtly or dramatically alter the character of your vehicle. That's why there is such a wide range of wheels on offer, including designs that are exclusive to the Bentayga EWB Azure and Bentayga EWB Mulliner.

Across the range, you will see a variety of stunning finishes. The painted finish is elegant and understated, while polished wheels gleam, accentuating the luxury characteristics of the car. Black painted wheels can evoke a sporty, stealthy aesthetic, while the combination of black and bright machined finishes gives wheels a stunning contrast. The new Pale Brodgar Satin – a painted finish available only on the 22" 5-spoke directional wheel – adds a sense of heightened sophistication and presence.

Please refer to Specifications and Options pages for standard and optional features. Not all options are available on all models and within all markets.

Veneers

Wood veneers are sanded and lacquered five times, taking a full ten days to reach the Bentley standard of finish. Sustainably sourced from forests around the world, each leaf of veneer can be traced to the very tree it came from. The choice of wood species is detailed overleaf, including several open pore veneers and six gloss painted finishes: Imperial Blue, Cricket Ball, Burnt Oak, Gravity Grey, Piano Black and Piano Linen by Mulliner.

Eye-catching technical finishes include high-gloss Carbon Fibre and Dark Tint Diamond Brushed Aluminium, where each diamond shape is brushed in one of three directions for a textured, three-dimensional effect.

You can also opt for metal overlays in the veneer itself. This stunning, handcrafted finish adds an intricately designed layer of metal to the veneer during construction, which gleams as it catches the light. Less than 0.1 millimetre thick, these overlays sit virtually flush to the veneer's surface.

Please refer to Specifications and Options pages for standard and optional features. Not all options are available on all models and within all markets.

Hide colours

From the fascia to the blind stitching, every inch of the cabin requires a specialised approach. Sections of the hide with high natural elasticity are reserved for curved surfaces like the seats, for example. The steering wheel, meanwhile, is covered in a highly resistant leather to ensure the natural chemicals from the driver's skin are not absorbed, optimising grip, comfort and longevity.

The design team have carefully selected a range of leather colours, including the beautiful new Gravity Grey. The Mulliner Colour Specification gives you a choice of eight accents for an additional burst of colour. You can also opt for contrast stitching, hand cross-stitching or a combination of both.

The Bentayga EWB and Bentayga EWB Azure come with the exclusive Colour Specification included as standard, allowing you to choose any hide colour and colour combination in the range. The Bentayga EWB Mulliner, meanwhile, gives you a choice of all colours in an exclusive three-way colour layout.

Please refer to Specifications and Options pages for standard and optional features. Not all options are available on all models and within all markets.

Bespoke commissioning with Mulliner

In the early days of motoring, a new car would consist of an engine, drivetrain, four wheels and a set of controls – nothing more. Everything else was created by a coachbuilder, such as Mulliner.

Today, Mulliner works within Bentley to offer a variety of premium features and optional finishes, alongside bespoke customisation services.

For example, the team can colour-match any object you provide to create a unique paint colour. The same is true for your hides – any colour you can supply can be perfectly matched and made for you.

Further examples include personalised embroidery for your seats and exquisite marquetry inlays to your veneers. You can even work with them to design truly bespoke features for your car.

To learn more, visit the website or ask your Retailer about the Mulliner Personal Commissioning Guide.

Please refer to Specifications and Options pages for standard and optional features. Not all options are available on all models and within all markets.

Styling and Blackline Specifications.

The Styling Specification enhances the Bentayga EWB exterior with a carbon fibre tailgate spoiler, front bumper splitter and side sills.

The Blackline Specification, meanwhile, replaces the exterior chrome detailing with bold, black-painted components. It includes a black matrix grille and surround, black exhaust tailpipe trims, roof rails, window surrounds, wing vents, door trim, door handles and lamp bezels. The result is a significantly darker, more starkly defined appearance. Only the Bentley badging retains its polished chrome finish.

Please refer to Specifications and Options pages for standard and optional features. Not all options are available on all models and within all markets.

Specification Packages.

To make it even easier to specify your Bentleyga Extended Wheelbase our engineers and designers have created groups of features, from technology packages that make driving easier to collections of exquisitely crafted styling enhancements that suit your lifestyle.

FRONT SEAT COMFORT SPECIFICATION

- 20-way movement for front seats
- Ventilation and massage
- Comfort headrests
- Postural Adjust
- Seat Auto Climate
- Electric front headrests

4+1 SEAT COMFORT SPECIFICATION

- Front Seat Comfort Specification
- Individual rear seats with 16-way movement
- Ventilation and massage
- Foldable centre armrest to create third seat
- Armrest includes storage, cupholders and x2 USB-C sockets
- Comfort headrests to rear outer seats
- Ski hatch

FIVE SEAT COMFORT SPECIFICATION

- Front Seat Comfort Specification
- Comfort headrests to rear outer seats
- Ventilation to outer seats

QUILTING SPECIFICATION

- Harmony Diamond Quilt to seats and doors

FOUR SEAT COMFORT SPECIFICATION

- Front Seat Comfort Specification
- Individual rear seats with 16-way movement
- Ventilation and massage
- Centre console with storage and USB-C charging
- Comfort headrests to rear outer seats
- Ski hatch

BENTLEY AIRLINE SEAT SPECIFICATION

- (Available with both 4+1 and Four Seat Comfort Specifications)
- Wellness seating to both rear seats
- Seat Auto Climate
- Postural Adjust
- Electrically deployed, carpet and hide trimmed footrest from back of front passenger seat
- RELAX and BUSINESS switches in doors for reclined and upright positions
- Heated centre armrests (4+1 Comfort Specification only)
- Electric headrest to all four seats
- Rear seat pillow – trimmed in Dinamica (both rear seats)
- Rear seat massage upgrade (both rear seats)
- Additional ways of movement (both rear seats)
- Rear cushion and backrest bolster adjustment
- Rear cushion extension
- Picnic Tables

BENTLEY DIAMOND ILLUMINATION

- Illumination through perforation pattern in doors in up to 30 colours
- Mood lighting

STYLING SPECIFICATION

- ‘Speed’ style front and rear bumpers
- Carbon fibre blade on front bumper
- Carbon fibre side sills
- ‘Speed’ style carbon fibre tailgate spoiler

BLACKLINE SPECIFICATION

- All exterior brightware changes from bright to black, except BENTLEY lettering and wing badges

COLOUR SPECIFICATION

- Choice of all six interior colour combinations
- Extended choice of hide colours

LEATHER SPECIFICATION – UPPER CABIN

- Headlining and upper trim changes from Dinamica to leather

MULLINER COLOUR SPECIFICATION

- Eight colours available for all stitching and piping options
- Eight colours available for contrast steering wheel spokes and gear lever

TOURING SPECIFICATION

- Adaptive Cruise Control with Lane Guidance
- Predictive Adaptive Cruise Control
- Head-Up Display
- Night Vision

ALL TERRAIN SPECIFICATION

- Drive Dynamics Control
- Luggage management
- Underfloor protection

SMOKER'S SPECIFICATION

- Front and rear ashtrays
- Cigar lighters

Please refer to Specifications and Options pages for standard and optional features. Not all options are available on all models and within all markets. Please contact your local Retailer for more information.

The Bentley Configurator

To explore the full range of optional features and finishes available for the Bentayga EWB, offering up to 24 billion different combinations, please visit the Bentley Configurator. It allows you to explore every model in the Bentayga EWB range and see all the colours, features and finishes, just as they will look on a new vehicle. There is simply no better way to explore all your options – and discover the right car for you.

When it comes to visualising your dream vehicle, however, the configurator is just one perspective. You can also use the Bentayga EWB Augmented Reality app to take the car you configure for a simulated drive, in any location your phone or tablet can 'see'. You can even use it so see what it would look like on your driveway.

To download the app, just go to the Apple App Store or Google Play Store and search for 'Bentayga EWB AR'.

CONFIGURE

Arranging a test drive

As with every Bentley, there is only one way to truly appreciate a Bentayga EWB: to sit in the driving seat, take the wheel in your hands and feel the breathtaking surge of acceleration as you put your foot down.

To take the next step on the journey of acquiring your Bentayga EWB, we recommend a conversation with a Bentley Retailer.

Please refer to Specifications and Options pages for standard and optional features. Not all options are available on all models and within all markets.

Accessories, servicing and maintenance

Genuine Bentley accessories represent an opportunity to personalise your Bentayga EWB even further. From Fixed Sill Steps that make entry and exit easier to Paint Protection Film that will preserve its looks for years to come, there are numerous options available, to suit a vast array of lifestyles and pastimes. Moreover, they are all designed specifically by Bentley to work seamlessly with your Bentayga EWB.

Consider this just one reason to bring your vehicle back to an official Bentley retailer. No one else has the same expertise, the Bentley-trained technicians or access to genuine Bentley parts – not to mention Service and Maintenance products that can give you complete peace of mind, throughout your vehicle's lifetime. There is no better way to keep your Bentayga EWB close to the impeccable condition it was in, the day it left the factory.

Financing your Bentayga

Our finance agreements are tailored to ensure you make the most of your investment. While other financiers look only at the circumstances of the customer, Bentley Financial Services creates bespoke packages, based not just on your needs and income, but also on the vehicle you have in mind.

To discover more, please talk to your local Bentley Retailer or visit the finance page on the Bentley website.

WORLD OF BENTLEY

The Bentley Collection

The Bentley Collection is a selection of lifestyle products inspired by the distinctive design of our cars. With many items lovingly crafted by highly skilled artisans, the Bentley Collection takes our exciting heritage and vision for the future, and seamlessly weaves it into extraordinary statement pieces.

From unique pieces for the home that elevate your everyday life, to lovingly crafted clothing and accessories designed with a distinctive eye for detail, you can bring Bentley's unrivalled refinement to every aspect of your life.

To view the complete range, please contact your local Bentley Retailer or visit the online store at BentleyCollection.com

VISIT BENTLEY COLLECTION

The Bentley Experience

These unique tours offer unrivalled opportunities to explore behind the scenes at the Home of Bentley in Crewe and visit the flagship showroom, CW1 House.

Our knowledgeable hosts will share rare insights into the design and engineering process. You will meet the craftspeople who build your car and discover the innovations and techniques they're using to craft a sustainable vision of the future.

Available as an on-site, real-world experience or as a virtual tour, the Bentley Experience offers a truly tailored journey, with your questions answered by our experts along the way. There is simply no better way to understand the passion that goes into every Bentley.

You can learn more about the Bentley Experience and factory tours on the Bentley website.

VISIT BENTLEY EXPERIENCES

Extraordinary Journeys

We run a number of events each year for Bentley drivers and admirers, such as Extraordinary Journeys. Participants experience the world of Bentley beyond the car – taking in beautiful locations, a focus on wellbeing, an exploration of sustainability, and the chance to meet inspiring people who are reshaping the world.

In the UK, for example, Bentley enthusiasts have the opportunity to tour the Home of Bentley in Crewe before setting off on a journey that includes sustainable fine dining, some of the country's most notable landscapes and landmarks, and hospitality at a range of forward-thinking establishments.

To discover more, please talk to your local Bentley Retailer or visit the Extraordinary Journeys page on the Bentley website.

SPECIFICATIONS & OPTIONS

Bentayga Extended Wheelbase

STANDARD SPECIFICATION

POWERTRAIN AND VEHICLE DYNAMICS

- 8-speed automatic transmission
- Bentley Dynamic Ride
- Electronic All-Wheel Steering
- Speed sensitive, variable ratio, electric power steering
- Air Suspension with Continuous Damping Control
- Electronic Stability Programme (ESP) with Traction Control (TCS), Anti-lock Braking System (ABS), Electronic Brake Force Distribution (EBD), Hydraulic Brake Assist (HBA), Drag Torque Control (MSR), Electronic Diff Lock (EDL)
- ESP off-road features: Roll-Over Mitigation (ROM), Hill Descent Control (HDC), Trailer Sway Mitigation (TSM)/ESC off-road mode
- Front and rear vented disc brakes with Bentley branded black brake callipers (front)
- Permanent all-wheel drive, with centre Torsen differential
- Drive Dynamics Control

EXTERIOR

- Choice of seven standard paint colours: Beluga (solid), Dark Sapphire, Glacier White (solid), Moonbeam, Onyx, St. James' Red (solid) and Thunder
- 21" 5 twin-spoke alloy wheel – painted
- 21" summer tyres
- 'B' badge to D pillar
- Black radiator matrix grille with bright surround and centre bar
- Matt Black matrix lower bumper grille
- Contrast silver front and rear bumper apron
- Bentley treadplates
- Acoustic side glass
- Acoustic heat insulating front screen
- Panoramic glass roof
- Aluminium side window brightware
- Fixed rear spoiler
- Heated rear screen
- Front and rear fog lamps
- Full LED supplementary lamps and tail lamps

- Full matrix LED headlamps with High Beam Assist*
- Oil and fuel filler caps
- Powerfold, heated, dimming, memory mirrors
- Roof rails
- Welcome orchestration lighting*
- Bentley 'B' wing vent
- Black 'B' badge to wheel centres
- Black bonnet and boot Bentley Wing badges
- Oval split tailpipe
- Black painted shark fin aerial
- Rain sensing wipers
- Wet arm front screen wipers
- Luggage rails
- Power latching to driver and passenger doors
- Powered tailgate
- Hands free tailgate

INTERIOR

- Choice of 15 hide colours: Burnt Oak, Damson, Cricket Ball, Hotspur, Saddle, Newmarket Tan, Camel, Magnolia, Linen, Portland, Gravity Grey, Brunel, Beluga, Cumbrian Green and Imperial Blue
- Rear waterfall lighting
- Six colour combinations, including unique Extended Wheelbase colour combination
- Leather upper trim (as part of the Leather Specification – Upper Cabin)
- Crown Cut Walnut veneer
- Two metal bulls-eye vents with organ stops and redesigned centre vents
- Black (Beluga) boot carpet
- Bentley branded clock
- Folding luggage compartment cover
- Front and rear cupholders
- Lockable, cooled glovebox
- Twin front armrest
- Electronically operated blinds for rear side windows
- Blind stitching
- Double sun visor

- Rear dual window switches
- Load through facility (NCO)
- Stowage: Instrument panel, doors (front and rear), armrests and front and rear console
- Leather trimmed gear lever
- Heated, single tone, 3 spoke, hide trimmed steering wheel
- Steering wheel mounted gear shift paddles
- Standard foot pedals
- Keybox
