Bentayga S (V8) WLTP drive cycle: fuel consumption,
mpg (l/100 km) – Combined 22.1 (12.8).
Combined CO₂ – 296 g/km.

Bentayga. Inspires exploration.

Bentayga takes you on a journey unlike any other. This contemporary SUV fuses luxury and performance to inspire exploration without limits.

Modern, distinctive and commanding, Bentayga unites cutting-edge design and innovation, allowing you to experience everything this world has to offer.

Its all-road performance, unrivalled ride comfort and incomparable on-road handling are everything

you would expect from a true Bentley, and more. This versatile SUV draws upon its breathtaking performance, innovation and considered design to deliver an unsurpassed, dynamic driving experience with a confident and striking presence.

It's available in a choice of four distinctive models to suit your lifestyle. The Bentayga sets the standard for modern luxury SUVs, while the Bentayga A adds a wealth of luxurious details. The Bentayga Azure takes

comfort and wellbeing to the next level, while the Bentayga S offers enhanced driving dynamics and bold sports styling.

Are you ready to find your extraordinary? Visit the **Bentley website** to start your journey.

Bentayga A. Elevated craftsmanship.

4

The Bentayga A offers exceptional comfort and craftsmanship. Created to offer enhanced luxury and prestige, it is instantly recognisable due to its polished chrome, vertical-vaned front grille, 'A' badges and 21" five twin-spoke wheels, which feature a new grey painted and bright machined finish.

It is the interior experience that truly defines the character of the Bentayga A, however. With a vast range of colours and finishes to choose from, the cabin represents a striking example of Bentley's attention to detail.

The seats themselves are equipped with the full range of heating, ventilation and massage functions, thanks to the Front Seat Comfort Specification. The hard surfaces can be finished in a choice of veneers, including three open pore options, which benefit from a low-lacquer treatment that is both contemporary in appearance and friendly to the environment.

In addition to the vast range of technology built into every Bentayga, the Bentayga A can be commissioned with Bentley Dynamic Ride, for increased stability without compromising on ride comfort, along with all-wheel steering, for greater agility in tight spaces and smoother lane changes at speed.

Bentayga A (V8) WLTP drive cycle: fuel consumption, mpg (l/100 km) – Combined 22.1 (12.8).
Combined CO₂ – 296 g/km.

Please refer to Specifications and Options pages 49-53 for standard and optional features. Not all options are available on all models and within all markets.

Bentayga Azure. Class-leading comfort.

Bentayga Azure offers a harmonious balance of performance and luxurious comfort, designed to enhance your sense of wellbeing wherever you travel.

The exterior exudes an effortless elegance, from the polished chrome, vertical-vened front grille to the 'Azure' badges. The stunning wheels are available in a variety of designs and finishes, in both 21" and 22" sizes.

The Bentayga Azure can be powered with your choice of a class-leading V8 engine or an innovative hybrid powertrain. With the Touring Specification installed as standard, every Bentayga Azure features an impressive array of driver assistance features, while V8 models also come with Bentley Dynamic Ride and all-wheel steering.

Together, these features ensure an effortless drive, complemented by the interior's elevated focus on wellbeing. The entire cabin is a demonstration of Bentley's unrivalled attention to detail, with the Harmony Diamond Quilt stitching pattern adorning the insides of the doors and selected sections of the seats.

Sustainable features include open pore veneers, carpets made entirely from recycled nylon and overmats made with 100% wool. Subtle additions such as mood lighting and a duo-tone heated steering wheel, meanwhile, make the cabin feel truly complete.

Please refer to Specifications and Options pages 49-53 for standard and optional features. Not all options are available on all models and within all markets.

Bentayga S. Addictive performance.

Sporty performance and dramatic design come together in the striking Bentayga S to create an SUV that is impossible to resist.

Offering an exhilarating driving experience, the Bentayga S can be commissioned with either an innovative hybrid powertrain or a powerful V8 that features a sports exhaust and Bentley Dynamic Ride with all-wheel steering. Whichever configuration you choose, you can expect a truly engaging drive – accompanied by a thrilling roar when you put your foot down.

This driving pleasure is reflected in the bold design of Bentayga S. This includes the Blackline Specification, which is enhanced by black door mirrors and side sills, dark tint headlamps and rear lamps, red brake callipers and a unique bumper design at the front and rear. An elongated tailgate spoiler, scythed 22" wheels and 'S' badging complete the stunning exterior.

The striking look continues inside the cabin, with the luxurious interior enhanced by a choice of eye-catching colour combinations, ensuring an exhilarating experience, right down to the very last detail.

Please refer to Specifications and Options pages 49-53 for standard and optional features. Not all options are available on all models and within all markets.

DESIGN

Driven by design.

See, and be seen, in the distinctive Bentayga.

Following modern Bentley design language, Bentayga truly is a sight to behold. From its distinctive front grille and lights, and dominant upright face, to its bold lower bumper design with large intakes and deeply sculpted surfaces, this SUV makes its presence felt, wherever it is.

The striking roof spoiler creates both a commanding and elegant profile. This is complemented by a chrome fender vent that is positioned above the 'power line' along the car's profile. Meanwhile, the lower door mouldings catch the light for a captivating effect that naturally draws the eye to the distinctive wheels.

At the rear, the latest evolution of Bentley design continues. Jewel-cut elliptical tail lamps are set into a beautifully sculpted tailgate panel, which pushes the boundaries of seamless contouring to the limit and features a prominent 'Bentley' badge. Echoing the design of the rear lamps, the bold bumper features oval shaped split tailpipes.

It all results in a stunning, distinctive visual identity.

Bentayga (V8) WLTP drive cycle: fuel consumption, mpg (l/100 km) – Combined 22.1 (12.8).
Combined CO₂ – 296 g/km.

Please refer to Specifications and Options pages 49-53 for standard and optional features. Not all options are available on all models and within all markets.

Dazzling, inside and out.

Bentayga turns to its elliptical front lamps to light the way. The headlamps bear Bentley's signature 'crystal cut' design, which achieves a unique effect with transparent internal surfaces and sharply defined diamond edges. A chrome 'crown' insert within allows the lamps to sparkle even when not illuminated. The main tail lamp function is contained within an intricate 'lattice pattern' ring. This results in a one-of-a-kind, deep three-dimensional glow that is unique to Bentley.

Inside, Bentayga's cabin sets the benchmark for SUV interiors – the ultimate in luxury, usability and the latest technology. It features an intuitive, high resolution, 10.9" touchscreen that spans the full width of the elegant centre fascia.

Light floods in from above to illuminate the luxurious interior, courtesy of the tilt and slide panoramic roof. Beneath it, every detail of the handcrafted cabin has been meticulously considered. The famous Bentley wings marque has once again inspired the architecture of the cockpit, forming the symmetrical, double-wing arrangement that flows from door to door.

For the driven.

When seeking the extraordinary, look no further than Bentayga.

Considered dimensions provide optimal leg room and comfort in the rear cabin, particularly with the Four Seat Comfort Specification allowing passengers to unwind without compromise.

The luxurious Front Seat Comfort Specification is included with the Bentayga A and Bentayga Azure. It offers a six-setting massage function and 20 different types of adjustments, including headrests, cushions and backrest bolsters, to offer both driver and passengers a truly indulgent and relaxing experience.

The optional Four Seat Comfort Specification provides extra features to maximise the wellbeing of every occupant. The Seat Auto Climate function adds temperature and humidity sensors to each seat, so it can automatically provide heating and ventilation, as required. Postural Adjust uses pockets of air built into the seats to subtly yet continually vary the softness of the seat under your back, shoulders and legs. As a result, you can avoid the stiffness that can build up on long journeys, and get out of your Bentayga feeling as good as you did before you got in.

Please refer to Specifications and Options pages 49-53 for standard and optional features. Not all options are available on all models and within all markets.

Bentayga A. The next level of luxury.

Announcing its arrival with a polished chrome vertical-vened grille and a contrasting matt black lower bumper grille, the Bentayga A conveys an immediate sense of elevated status. In profile it looks equally imposing, thanks to its 21" five twin spoke wheels, each one sporting a unique grey painted and bright machined finish, while 'A' badges on the front doors confirm its identity.

Step into the cabin and the sense of handcrafted luxury is heightened further still. The Colour Specification offers a choice of the entire range of hide colours, while contrast stitching is also included, enabling you to add an eye-catching accent colour to the exquisite upholstery.

For the veneers, you can choose from three species of sustainable open pore wood – a minimalist finish that adds a contemporary feel to the cabin – as well as a number of high-gloss woods and technical materials.

From the 'A' badge on the fascia and the specially designed graphics in the drivers information panel, down to the deep pile overmats at your feet, the Bentayga A represents a masterclass in interior craftsmanship.

Please refer to Specifications and Options pages 49-53 for standard and optional features. Not all options are available on all models and within all markets.

Bentayga Azure. A world of wellbeing.

From the sculpted exterior to the handcrafted interior, the welcoming Bentayga Azure has innovative and mood-enhancing ergonomic design at its heart.

Distinctive exterior features such as a stunning chrome vertical-vened grille, 'Azure' badging and wheels in a choice of 21" and 22" designs set the car apart. Illuminated treadplates light your way as you step inside, where the sumptuous Harmony Diamond Quilt offers luxury you can touch throughout. Two metal bulls-eye vents with organ stops adorn the outer sides of the fascia panels, while the centre vents create a symmetrical focal point that exudes balance and harmony. The duo-tone, hide-trimmed, heated steering wheel and leather-trimmed gear lever invite you to take hold, ensuring complete comfort for long adventures.

Your choice of fifteen hide colours is enhanced with contrast stitching, an 'Azure' fascia badge and 'Azure' seat emblems – not to mention the subtle effect of the mood lighting. In both the front and the rear, luxurious deep pile overmats complete a cabin you won't want to leave behind.

Please refer to Specifications and Options pages 49-53 for standard and optional features. Not all options are available on all models and within all markets.

Bentayga S. Irresistible style.

13

The bold character of the Bentayga S is clear from the moment you first lay eyes on it. The Blackline Specification makes the exterior even more striking, an effect enhanced further by unique features such as black painted bumper details and door mirrors, as well as dark tint headlamps.

At the rear, black painted split oval tailpipes, dark tint tail lamps and a larger rear spoiler emphasise the performance aesthetic, while the 22" wheels feature five angular, scythe-like spokes that point in the same direction, whichever side the car is viewed from. Red brake callipers contrast beautifully with the black aesthetic for a final flourish.

Inside, a unique fluted design draws the eye to the seats – an aesthetic found only in the Bentayga S. Exclusive colour combinations contrast a dark hide with an accent colour. This is enhanced by a variety of Dinamica elements, including applications to the steering wheel and seat panels, for a truly bespoke cabin that can be personalised to your individual taste. Even the graphics in the driver's information panel have been designed to reflect the car's dynamic character.

The distinctive 'S' emblem, appearing on badging, illuminated treadplates and seats, completes the imposing look – one that is designed to reflect the exhilarating journey ahead.

Please refer to Specifications and Options pages 49-53 for standard and optional features. Not all options are available on all models and within all markets.

ENHANCED EXPERIENCE

Uncompromising in every sense.

There is no need to compromise on performance, capability or comfort when you choose the Bentley Bentayga. This commanding car has elevated the SUV to dramatic new levels, combining contemporary design with timeless craftsmanship to deliver an unmistakable aesthetic.

Alongside phenomenal power and innovative technology, practicality goes hand in hand with comfort. Whether you are golfing or skiing, heading across continents or across town, navigating roads or leaving them far behind, the versatile Bentayga is perfectly equipped for every journey.

A place to relax.

Wherever you are, you can rely on the Bentayga's stunning interior to provide all the comfort you expect. Wireless phone charging is integrated in the stowage area forward of the gear lever, for example, while the Touch Screen Remote enables rear-seat passengers to control features including seat massage, heating and ventilation, climate control and sound.

There is a choice of three audio systems. The Bentley system offers exceptional sound, while audiophiles can upgrade to either the visually striking Bang & Olufsen for Bentley, complete with its stunning illuminated speaker grilles, or Naim for Bentley, which offers truly unrivalled sound quality.

An enhanced air conditioning system optimises interior air quality and reduces the number of harmful airborne particles. Air quality levels inside and outside the vehicle are displayed in the driver's information panel, reassuring everyone onboard that the entire system is prioritising their wellbeing.

Please refer to Specifications and Options pages 49-53 for standard and optional features. Not all options are available on all models and within all markets.

ENHANCED EXPERIENCE

ENHANCED EXPERIENCE

Refined and practical.

When it comes to the realities of modern luxury living, the uncompromising Bentayga is a car for all seasons and all lifestyles.

Innovative features have been designed to enable a whole spectrum of outdoor pursuits, across a vast range of climates and temperatures – from sea level on the Côte d'Azur to the snowline in the Sierra Nevada – so that your destination can be as exhilarating as the journey. The V8 powertrain delivers a towing capacity of 3.5 tonnes – more than ample for speedboats, gliders and horseboxes. The electrically retracting tow bar lies behind the rear bumper when not in use.

All features and accessories, from an aerodynamic roof box to a range of tailored storage solutions for skiing, fishing, diving and other active pursuits, offer the luxury of practicality, whilst echoing the unmistakable Bentayga styling. The spacious boot provides ample storage space, while the hands-free tailgate, easy-load boot function and load assist tray enable effortless opening, closing and loading.

Please refer to Specifications and Options pages 49-53 for standard and optional features. Not all options are available on all models and within all markets.

PERFORMANCE

The ultimate SUV.

Bentayga delivers Bentley's unique and exhilarating driving experience through a balance of raw power and efficiency, making it supremely versatile on-road and off-road. As should be expected, it possesses the typical Bentley characteristics of phenomenal torque with ample reserves of power – ensuring a surge of acceleration is always available should it be needed.

Whether you're experiencing the lively V8 engine or the hybrid powertrain's seamless combination of a V6 engine with an innovative E Motor, you will feel Bentayga's thrilling capabilities – with Bentley's DNA defining them all. Each engine delivers the Bentley hallmarks of exhilarating power and dynamic performance.

Perfectly controlled, everywhere.

The engrossing driving experience offered by the thrilling Bentayga range is enhanced by exceptional ride comfort and phenomenal handling – both on and off the road.

The 8-speed transmission ensures optimum gear selection and smooth, irresistible acceleration through multiple gear changes. V8 models can be commissioned with the 48-volt active roll control system known as Bentley Dynamic Ride*, which combines the handling of a sports car with the refinement of a luxury saloon. For unrivalled manoeuvrability, these models also include all-wheel steering, which shrinks the car's turning circle at low speeds and improves stability when changing lanes on the highway.

This incredible SUV is engineered to perform perfectly at lateral and longitudinal angles of up to 35°, and in a wading depth of up to 500 mm. The advanced Torsen All-Wheel Drive (AWD) system delivers power to all four wheels – while delivering unwavering confidence to the driver.

*Not available with hybrid engine.

Please refer to Specifications and Options pages 49-53 for standard and optional features. Not all options are available on all models and within all markets.

The serene hybrid powertrain.

The progressive plug-in hybrid powertrain combines powerful performance and forward-focused technologies.

The advanced E Motor and 3.0 litre V6 combustion engine work in perfect harmony to provide the sort of dynamic power and performance you'd expect from a Bentley grand tourer, both in the city and beyond. Working together, this empowering combination delivers 700 Nm (516 lb/ft) of combined torque. This allows you to reach 0 to 60 mph in just 5.1 seconds (0 to 100 km/h in 5.3 seconds), before surging on to a top speed of 158 mph (254 km/h).

Three intelligent driving modes ensure that you can enjoy the most serene and efficient drive at all times. The all-electric EV Drive mode is optimised for short journeys and city driving, while Hold is designed to preserve battery charge. Hybrid mode intelligently combines the V6 engine and E Motor to maximise range and performance, using information from your planned journey in the navigation system.

Back at home, the elegant Bentley charging dock enables you to recharge your Bentayga between drives, with two programmable timers allowing you to plan ahead for specific departure times. A convenient charging time of 2.5 hours can be achieved when using an industrial socket, while domestic sockets yield a full charge time of just 7.5 hours.

Charging cables for both domestic and industrial connections are supplied, and the state of the charging can be controlled via your smartphone or the onboard charging point. The intuitive energy flow screens on the main infotainment unit put drive and battery states, as well as electric range information, right at your fingertips.

Bentayga Azure (hybrid) is available to order in most markets, but is currently not available in EU27, Switzerland, Israel, Ukraine, Norway, Turkey or Vietnam.

The V8 engine. Groundbreaking performance.

Experience the most advanced Bentley V8 engine ever built. Powerful and efficient, it offers exhilarating performance and a dynamic driving experience accompanied by a distinctive sound that announces the car's immense capabilities.

This innovative engine can produce a thrilling surge of power, with 542 bhp (550 PS) at your disposal. It reaches its maximum torque of 770 Nm (568 lb ft) at just under 2,000 rpm and maintains this through to 4,500 rpm. This ensures rapid acceleration whatever your driving speed – enabling your Bentayga to take you from 0 to 60 mph in just 4.4 seconds (0 to 100 km/h in 4.5 seconds), and on to a staggering top speed of 180 mph (290 km/h).

The V8 engine isn't just relentless, it's also highly efficient. It employs a Variable Displacement System to shut down four of the eight cylinders when not required, reactivating them again as soon as they are needed without the driver even noticing. 'Start-stop' technology is deployed not only when the vehicle is stationary, but also at 'near-stop' speeds. The result is a truly incredible combination of fuel economy, emissions and range.

In short, the V8 engine delivers exhilaration as well as efficiency to create an extraordinary driving experience.

Bentayga S. Engage Sport mode.

For those who want performance and sheer thrills, look no further than the Bentayga S: a truly sports-focused SUV.

While Comfort mode provides the luxuriously smooth ride you would expect from a luxury car, the specially calibrated Sport mode makes subtle adjustments to the engine, the transmission and the suspension, for a more dynamic drive.

In the V8 configuration, the Bentley Dynamic Ride active roll control system gives the front axle extra grip, ensuring incredibly responsive steering. Responsiveness is heightened further still by the fine-tuning of the Electronic Stability Control, and an increase in torque vectoring by brake enhances agility. In addition, a more blended Traction Control System gives you total confidence in all conditions.

The riveting performance is made even more captivating by an exhilarating finishing touch: put your foot down in Sport mode and you will hear a thrilling roar as the surging acceleration pushes you back into your seat.

TECHNOLOGY

Intuitive technology.

Bentley has long set the standard in luxury, all-wheel drive engineering, integrating the latest technologies in discreet and unobtrusive ways. Born of 'intelligent functionality', they are designed to enhance the enjoyment of driving.

Created with the driver in mind, the technology within the commanding Bentayga range can be easily configured to suit your personal tastes, including several driver assistance systems to aid urban driving, grand touring and more robust off-roading.

This innovative SUV comes equipped with the latest suite of Connected Car services, accessible in-car and remotely via the My Bentley app, allowing you to monitor the location and status of your car, and control a host of functions wherever you may be. These services are designed to enhance your journey, making it safer, smarter and more convenient – even when you are apart from your vehicle.

However, the connectivity doesn't end with you and your car. Bentayga harnesses infrastructure data such as real time traffic information, green traffic light prediction and swarm services from other road users to warn of potential hazards on your chosen route. These Connected Car services mean the progress of your journey can remain uninterrupted, so whatever adventures you embark on, each can be relished to the full.

To explore more innovative features, visit **[BentleyMotors.com](https://www.bentleymotors.com)**

Please refer to Specifications and Options pages 49-53 for standard and optional features. Not all options are available on all models and within all markets.

From city roads to no roads.

Remarkable performance allied with exceptional handling and peerless ride comfort lets you experience every environment in world-class refinement.

The Drive Dynamics Control lets you adapt to your surroundings using an intuitive rotary dial. Whether you're navigating the city or enjoying the open road, you can switch instantly between four on-road, driving modes – Comfort, Sport, Custom and Bentley.

The All-Terrain Specification* adds four additional Responsive Off-Road Settings, to deliver more drive modes than any other car. The 'Snow & Grass' setting provides grip on low friction surfaces, 'Dirt & Gravel' gives optimum traction on loose debris, 'Mud & Trail' configures the car's systems for muddy, uneven surfaces and 'Sand' gives greater confidence over dunes. And all the while, exhaustively tested underfloor protection ensures all key components are protected.

*Not available with hybrid engine.
Please refer to Specifications and Options pages 49-53 for standard and optional features. Not all options are available on all models and within all markets.

Effortless manoeuvres.

A suite of new driver assistance systems makes the Bentayga easier to drive than ever – especially when parking and manoeuvring at low speeds.

Parking made even easier

The Intelligent Park Assist* function can identify a suitable parking space, then take control of the steering, pedals and gears while it parks your Bentayga. And for occasions when the space is so tight that it would be hard to get in or out of the vehicle once parked, you can use My Bentley Remote Park Assist*, a feature accessed via the My Bentley smartphone app. Simply step out of the car before it parks and tap the button in the app that activates remote parking. Then hold the button down until your Bentayga has safely parked itself. Your car will stop moving straight away if you stop holding the button for any reason. When you return to your car, you can also use Remote Park Assist* to drive it out of the parking space, so you can comfortably get back in.

*The driver must constantly supervise the manoeuvre and be able to intervene at any time to maintain safety.
Please refer to Specifications and Options pages 49-53 for standard and optional features. Not all options are available on all models and within all markets.

Assistance when you need it most

When manoeuvring in extremely tight spots or crowded locations, 3D Surround View allows you to choose the best view available from the four different cameras on the car or, alternatively, see a 3D view of the overall environment around the vehicle.

Manoeuvre Assist provides an extra layer of safety for you and your car, by monitoring the environment in hard-to-navigate spaces and braking automatically if your Bentayga looks likely to collide with anything.

Trailer Assist

Reversing can become a little more difficult when you have a trailer in tow, which is why you can now commission a Bentayga with Trailer Assist. As soon as you put the car into reverse, the view from the rear camera is projected on the main infotainment screen. You then tell the car where you want your trailer to go, using the Drive Dynamics Control rotary knob on the front console. Then all that remains is to let go of the steering wheel and let your Bentayga do the rest.

Embrace the open road.

Every Bentayga is equipped with a number of driving assistance features that make driving long distances more comfortable, such as Adaptive Cruise Control, Lane Departure Warning and matrix headlamps with High Beam Assist. The optional Touring Specification (standard on the Azure model) provides even more intuitive assistance for long-distance touring.

More comfortable cruising

The specification includes Adaptive Cruise Control with Lane Guidance, which enables you to take your feet off the pedals when driving on the highway. As long as you keep your hands on the wheel, it will ensure you stay in the centre of your lane and maintain a safe gap between your Bentayga and the car in front – even if traffic slows to a stop and starts again.

Going beyond the highway

Predictive Adaptive Cruise Control takes these functions further, by offering the same convenience when you leave the highway. Using data from the navigation system, it can continue to safely control your speed, accelerating or braking as necessary to account for speed limit changes, bends in the road, junctions and roundabouts.

Safer driving at night

The night vision camera makes driving in darkness safer – especially in situations where obstacles could be present outside or beyond the headlamp beams. The view from the camera is shown on the driver's information display, highlighting the presence of people or animals in your car's path.

Key information at eye-level

The Touring Specification also includes a Head-Up Display, which projects key driving information into your line of sight, so you never need to take your eyes away from the road.

Please refer to Specifications and Options pages 49-53 for standard and optional features. Not all options are available on all models and within all markets.

Connect to more.

Every Bentayga is equipped with a wide range of Connected Car services*, accessed in-car or remotely via the My Bentley app.

Seamless integration

Content on your phone can be accessed in your car wirelessly, through Android™ Auto or Apple CarPlay. Phone content is shown on the section of the screen furthest from the driver, so no driving information is obscured. Online natural speech interaction, meanwhile, lets you activate over 200 car functions by voice, so your hands needn't leave the wheel. You can input a destination into the navigation system via the My Bentley smartphone app when you're away from your car, so you're ready to go the moment you get behind the wheel. Real-time traffic information can then dynamically re-route your journey if there is congestion, while Green Traffic Light Prediction will aid smooth passage through junctions. Internet connectivity is available for all occupants throughout, thanks to a built-in Wi-Fi hotspot.**

A personal experience

In the majority of markets*, your Bentayga is connected to the cloud, enabling all your personal settings to be stored remotely and accessed by the car as required. This means that even if you move between compatible Bentleys or to a new one, all navigation system destinations, light settings, seat settings and even your favourite radio stations can be downloaded immediately, making them available from the moment you get in.

A warm welcome

You can use the My Bentley app to remotely check the status of your locks, lights, mileage and fuel. If you have a hybrid model, you can also check your EV range. Hybrid models also allow you to remotely pre-heat or pre-cool the cabin with My Cabin Comfort. Just select your desired temperature and let the car's climate control system do the rest. You can also opt to heat individual seats, armrests and the steering wheel. You can even defrost the windows remotely, before your journey begins.

Leading the charge

Other hybrid features include E-charging, which allows you to plug your car into a charger and activate the charging process remotely via the app. Just enter the time you plan to set off, and the charging system calculates a charge rate that will give you the highest possible level of charge, just in time for your departure.

You're in safe hands

Emergency features include Private eCall and Roadside Assistance, which automatically connect you to a Bentley Emergency Call Centre or the Bentley Roadside Assistance team in the event of an accident. Furthermore, Theft Alert will notify you if the alarm is activated, giving you complete peace of mind.

Please refer to Specifications and Options pages 49-53 for standard and optional features. Not all options are available on all models and within all markets.
*Vehicle connectivity and service availability varies by market. Please confirm specification with your local certified Bentley Retailer.
** With additional data plan purchased through a mobile network operator.

The city, recharged.

Those who choose a hybrid engine can enjoy connectivity and technology on a whole new level. This is thanks to a suite of features designed to add control and confidence, even when you're away from your car.

When driving in Hybrid mode, the powertrain's intelligent navigation system maximises range and efficiency from the outset by choosing the most appropriate power source for each stage of your journey. If your route takes you through a city with an electric-only zone, it will even account for this in its planning, making sure the battery keeps enough power in reserve during the earlier stages of your journey.

Hybrid-specific Connected Car features let you make the most of your car and your journey. Accessed via the My Bentley app, tools such as My Battery Charge allow you to initiate charging remotely, while the E-Charging service lets you search and discover charging stations near you, however far you've travelled from home.

Connected Car services vary by market, please visit My Bentley support site for details.

Screen time, reimagined.

For stunning views, you do not have to look far.

Every Bentayga features a high-resolution touchscreen infotainment system. This 10.9" screen has a resolution of 1920 pixels by 720 pixels, providing sharp, crystal-clear images, and is underpinned by cutting-edge software to provide a high level of future-proofing. Here, you can now intuitively control your personal device or smartphone which connects to the screen wirelessly via Android Auto or Apple CarPlay® for a seamless experience.

The digital driver's information panel behind the steering wheel can be displayed with a choice of different graphic design schemes to match your taste, with three options on the Bentayga model and four on all others. They include new designs that reflect the character of the car you choose, be it performance or comfort-focused.

For the ultimate in passenger enjoyment, choose the optional Bentley Rear Entertainment System. Two 10.1" screens sit behind the front seat headrests providing access to a world of entertainment. Netflix comes pre-installed, while other apps work seamlessly. The sound can be enjoyed as an immersive experience through the car's sound system or via Bluetooth to the supplied headphones, or your own headset or earbuds.

Please refer to Specifications and Options pages 49-53 for standard and optional features. Not all options are available on all models and within all markets. Apple CarPlay is a registered trademark of Apple Inc.

PERSONALISATION

Express your desire.

33

With a host of accessories and styling options allowing you to configure your Bentayga to your personal taste, it is highly unlikely you will ever see another one like yours.

You can choose from an extensive palette of exterior paint colours, all of which are designed to maintain their brilliance for many years to come. With numerous different wheel designs, hide options, beautiful natural veneers and distinctive trim options, almost every visible feature of your Bentayga can be customised to your own specification. To make a real statement, the dramatic Blackline Specification, which is included with the commanding Bentayga S, replaces the exterior brightware with a black-painted trim.

Inside, your choice of colour can transform the cabin, with Beluga, Cricket Ball, Imperial Blue, Newmarket Tan and Porpoise offered as standard across all models. With the Colour Specification – included as standard on the Bentayga A and Bentayga Azure models – you can choose from a further ten colours, effectively allowing you to select any interior colour or colour combination.

Should you desire even more freedom to tailor your Bentayga, the Mulliner Personal Commissioning team in Crewe can undertake completely bespoke modifications to meet your specific requirements.

2023 model shown opposite.
Please refer to Specifications and Options pages 49-53 for standard and optional features. Not all options are available on all models and within all markets.

Bespoke commissioning from the expertise of Bentley Mulliner.

In the early days of motoring, drivers bought a vehicle comprising just an engine, drivetrain, four wheels and a set of controls. The rest required a coachbuilder, such as Mulliner. Still, today, no-one is better placed to help make your car an expression of your unique style.

At Bentley, the Mulliner Personal Commissioning team provide bespoke customisation which is virtually limitless. For instance, the colour of any object in your possession can be matched to create your own personal paint colour. The same is true for your hides – any colour you can find, or dream, can be perfectly matched and made for you only.

The team in Crewe can also create personalised embroidery for your seats, handstitched from any design of your choosing. Not to mention exquisite marquetry inlays to your veneers, manifesting your unique vision through timeless artisan craft.

To explore the endless possibilities, simply visit the **website**, or ask your Retailer about the Personal Commissioning Guide.

Please refer to Specifications and Options pages 49-53 for standard and optional features. Not all options are available on all models and within all markets.

Exterior finish.

Colour can be a powerful expression of who you are. That's why we offer a wide range of exterior colours carefully curated by the Bentley design team, each one chosen to emphasise the unique presence of your Bentayga on the road.

There are seven standard exterior colours for the Bentayga, Bentayga A and Bentayga S, and 16 on the Bentayga Azure. In addition, you can also choose from an extended range and a palette of Mulliner paints that includes a vast range of solid, metallic, satin and pearlescent options, giving you the choice of over 80 colours in total. And, for the ultimate in personalisation, **Personal Commission Paint by Mulliner** allows you to match a colour that is as unique as you are. The only limit is your imagination.

Please refer to Specifications and Options pages 49-53 for standard and optional features. Not all options are available on all models and within all markets.

Intrepid wheels.

Your choice of wheel can subtly or dramatically alter the character of your SUV. The Bentayga Azure and Bentayga S each come with unique wheel designs, created to draw the eye whether the car is stationary or in motion.

And you can make each wheel stand out even further with a choice of breathtaking finishes. The painted finish is elegant and understated to give your vehicle a refined aesthetic while polished wheels gleam, accentuating the luxury characteristics of the car. The black finishes complete a sporty aesthetic, creating a commanding presence that suggests high speeds await.

To explore the options for yourself, visit the **Bentley Configurator**.

Please refer to Specifications and Options pages 49-53 for standard and optional features. Not all options are available on all models and within all markets.

Compelling veneers.

Bentley's enthusiasm for fine materials and handcrafted finishes can be clearly seen in Bentley's flawless veneers. Sustainably sourced from forests around the world, each leaf of wood can be traced right back to the tree it came from; the beginning of an intricate process that takes around five weeks for every car. The veneers are sanded and lacquered five times, taking a full ten days to reach the Bentley standard of finish. The resulting shine is both lavish and deep, beautifully highlighting the natural grain of the wood.

Our vast choice of veneers is detailed on the next page, including a range of tactile open pore veneers, or Piano Linen by Mulliner to the fascias and waistrails.

Eye-catching technical finishes, meanwhile, include high-gloss Carbon Fibre and Dark Tint Diamond Brushed Aluminium, where each diamond is brushed in one of three directions for a textured 3D effect.

You can also opt for metal overlays in the veneer itself. This stunning, handcrafted finish adds an intricately designed layer of metal to the veneer during construction, which gleams as it catches the light. Less than 0.1 millimetre thick, it sits perfectly flush to the veneer's surface.

How will you make your fascia a thing of beauty? Create yours using the **Bentley Configurator**.

Please refer to Specifications and Options pages 49-53 for standard and optional features. Not all options are available on all models and within all markets.

Natural hides.

Every inch of your car's interior is upholstered by hand. Crafting the hand-selected leather hides is a time-honoured process involving skills that take years to learn.

From the fascia to the blind stitching, every inch of the cabin requires a specialised approach. Sections of the hide with high natural elasticity are reserved for curved surfaces like the seats, rather than for piping or flatter areas such as door inserts. The steering wheel, meanwhile, is covered in a highly resistant leather to ensure the natural chemicals from the driver's skin are not absorbed, creating grip, comfort and longevity.

The Bentley design team have carefully selected a range of standard leather colours, with further options and colour combinations available. These include the Mulliner Colour Specification, which brings eight new accents for an additional burst of colour. Each one lets you express your individual style while complementing the interior perfectly.

In addition, Bentayga A and Bentayga Azure come with the exclusive Colour Specification, giving you the choice of any hide colours and colour combinations in the range.

Please refer to Specifications and Options pages 49-53 for standard and optional features. Not all options are available on all models and within all markets.

Styling and Blackline Specifications.

The stunning Styling Specification enhances the contemporary, sporty features of your Bentayga with a carbon fibre tailgate spoiler, front bumper splitter and side sills.

For a more imposing presence, the commanding Blackline Specification exchanges the exterior brightware, replacing it with a bold, black-painted finish. This includes a black matrix grille and surround, black exhaust tailpipe trims, roof rails, window surrounds, wing vents, door trim, door handles and lamp bezels which completes a look that will certainly stand out.

The striking Bentayga S comes equipped with the Blackline Specification, allowing you to enjoy the dramatic effect that reflects this SUV's uncompromising attitude.

Financing your Bentayga.

Our finance agreements are tailored to ensure you make the most of your investment.

While other financiers look only at the circumstances of the customer, Bentley Financial Services creates bespoke packages, based not just on your needs and income, but also on the vehicle you have in mind. To discover more, please talk to your local Bentley Retailer or visit **BentleyMotors.com**

Experience it for yourself.

As with every Bentley, there is only one way to truly appreciate this remarkable SUV – to sit in the driving seat, take the wheel in your hands and feel the breathtaking surge of acceleration as you put your foot down.

To take the next step on the journey of acquiring your Bentayga, we recommend a conversation with a Bentley Retailer. You can find your nearest showroom **here**.

WORLD OF BENTLEY

The Bentley Collection.

The Bentley Collection is a selection of lifestyle products inspired by the distinctive design of our cars. With many items lovingly crafted by highly skilled artisans, the Bentley Collection takes our exciting heritage and vision for the future, and seamlessly weaves it into extraordinary statement pieces.

From unique pieces for the home that elevate your everyday, to lovingly crafted clothing and accessories designed with a distinctive eye for detail, you can bring Bentley's unrivalled refinement to every aspect of your life.

To view the complete range, please contact your local Bentley Retailer or visit the online store at **[BentleyCollection.com](https://www.bentleycollection.com)**

The Bentley Experience.

These unique tours offer unrivalled opportunities to explore behind the scenes at the Home of Bentley in Crewe and visit the flagship showroom, CW1 House.

Available as an onsite, real-world experience or virtual tour, our experienced, knowledgeable hosts will share rare insights into the design and engineering process. You will meet the craftspeople who build your car and witness the skill and detail that goes into creating a personalised Bentley. You'll also discover the innovations and techniques they're using to craft a sustainable vision of the future.

The Bentley Experience offers a truly tailored journey, with exclusive access to the historic factory, and your questions answered as you go – by experts who share your passion for Bentley. You can even collaborate with them to commission your own highly personalised car.

Extraordinary Journeys.

We run a number of events each year for Bentley drivers and admirers, such as Extraordinary Journeys. These occasions offer the experience of seeing Bentley craftsmanship up close, while also offering a great deal more in the way of discovery. Participants experience aspects of Bentley beyond the car – a love of beautiful locations, a focus on wellbeing, an exploration of sustainability, and the chance to meet inspiring people who are reshaping the world.

In the UK, for example, Bentley enthusiasts have the opportunity to tour the Home of Bentley in Crewe before setting off on a journey that includes sustainable fine dining, some of the country's most notable landscapes and landmarks, and hospitality at a range of forward-thinking establishments.

To discover more, please talk to your local Bentley Retailer or visit **BentleyMotors.com**

SPECIFICATIONS & OPTIONS

Bentayga

STANDARD SPECIFICATION

POWERTRAIN AND VEHICLE DYNAMICS

- 8 speed automatic transmission
- Air Suspension with Continuous Damping Control
- Electronic Stability Programme (ESP) with Traction Control (TCS), Anti-lock Braking System (ABS), Electronic Brake Force Distribution (EBD), Hydraulic Brake Assist (HBA), Drag Torque Control (MSR), Electronic Diff Lock (EDL)
- ESP off-road features: Roll-Over Mitigation (ROM), Hill Descent Control (HDC), Trailer Sway Mitigation (TSM)/ESC off-road mode (V8 engine only)
- Front and rear vented disc brakes with Bentley branded black brake callipers (front)
- Speed sensitive, variable ratio, electric power steering
- Permanent all-wheel drive, with centre Torsen differential
- Drive Dynamics Control

EXTERIOR

- Choice of seven standard paint colours: Beluga (solid), Dark Sapphire, Glacier White (solid), Moonbeam, Onyx, St. James’ Red (solid), Thunder
- Gloss black radiator matrix grille with bright surround and bright centre bar
- Matt Black matrix lower bumper grille
- 21" 5 twin-spoke alloy wheel – painted
- 21" summer tyres
- Acoustic side glass
- Aluminium side window brightware
- Fixed rear spoiler
- Acoustic, heat insulating front screen
- Heated rear screen
- Panoramic glass roof
- Front and rear fog lamps
- Full LED supplementary lamps and tail lamps
- Full matrix LED headlamps with High Beam Assist*

- High Beam Assist*
- Standard oil and fuel filler cap
- Body coloured door mirrors
- Powerfold, heated, dimming, memory mirrors
- Roof rails
- Welcome orchestration lighting*
- Bentley ‘B’ wing vent
- Body coloured front bumper apron
- Oval split tailpipe
- Black painted shark fin aerial
- Wet arm front screen wipers
- Power latching to driver and passenger doors
- Powered tailgate
- Hands free tailgate

INTERIOR

- Choice of five hide colours: Beluga, Cricket Ball, Imperial Blue, Newmarket Tan, Porpoise
- Fluted seat design
- Five seat configuration
- Dinamica headlining and upper trim
- Crown Cut Walnut veneer
- Two metal bulls-eye vents with organ stops and centre vents
- Carpet mats front & rear
- Black (Beluga) boot carpet
- Luggage rails on boot floor
- Bentley branded clock
- Folding luggage compartment cover
- Front and rear cupholders
- Lockable, cooled glovebox
- Twin front armrest
- Electronically operated blinds for rear side windows
- Double sun visor
- Load through facility
- Stowage: Instrument panel, doors (front and rear),

armrests and console

- Leather trimmed gear lever
- Heated, single tone, 3 spoke, hide trimmed steering wheel
- Standard foot pedals
- Keybox
