Bentayga Azure (V8) WLTP drive cycle: fuel consumption, mpg (l/100km) – Combined 21.7 (13.0). Combined CO₂ Emissions – 294 g/km.

Bentayga Azure (V8) NEDC drive cycle: fuel consumption, l/100km – Combined 12.0. Combined CO₂ Emissions – 272 g/km.

Bentayga. Inspires exploration.

Bentayga takes you on a journey unlike any other. This contemporary SUV fuses luxury and performance to inspire exploration without limits.

Modern, distinctive and commanding, Bentayga unites cutting-edge design and innovation, allowing you to experience everything this world has to offer.

Its all-road performance, unrivalled ride comfort and incomparable on-road handling are everything you would expect from a true Bentley, and more. This versatile SUV draws upon its breathtaking performance, innovation and considered design to deliver an unsurpassed, dynamic driving experience with a confident and striking presence.

It's available in a choice of four distinctive models to suit your lifestyle – Bentayga sets the standard for modern, luxury SUVs, while Bentayga Azure brings ultimate comfort and wellbeing together for a serene drive. Bentayga S adds enhanced driving dynamics and a bold design to match, and Bentayga Speed possesses formidable power, unrivalled speeds and a refined sporting aesthetic.

Are you ready to find your extraordinary? Visit the **Bentley website** to start your journey.

Bentayga Speed is available to order in all markets, except EU27, UK, Switzerland, Israel, Ukraine, Norway, Turkey, China, Macau, Hong Kong, Taiwan, Vietnam, India or South Korea.

Bentayga Azure. Class-leading comfort.

Bentayga Azure offers a harmonious balance of performance and luxurious comfort, designed to enhance your sense of wellbeing wherever you travel.

Delivering both power and efficiency, allowing you to explore on-road or off-road, Bentayga Azure is equipped with a choice of either a responsive V8 engine with Bentley Dynamic Ride, or an innovative hybrid powertrain – and both configurations include the Touring Specification. Together, these features ensure an effortless drive, which is complemented by the interior's focus on wellbeing, cocooning you in a world of blissful serenity.

Features such as the open pore Crown Cut Walnut veneer, sensory mood lighting and a heated, hide-trimmed steering wheel create a cabin environment that envelops you in a calming ambience. So much so, you'll want to take the feeling with you upon reaching your destination.

Outside, unique Azure badging and 22" 10 spoke wheels denote just some of the distinctive characteristics of this graceful SUV.

Bentayga S. Addictive performance.

Sporty performance and dramatic design come together in the striking Bentayga S to create an SUV that is impossible to resist.

Offering an exhilarating driving experience, the Bentayga S can be commissioned with either an innovative hybrid powertrain or a powerful V8 that features a sports exhaust and the Bentley Dynamic Ride anti-roll system. Whichever configuration you choose, you can expect a truly engaging drive – especially in Sport mode – accompanied by a thrilling roar when you put your foot down.

This driving pleasure is reflected in the bold design of Bentayga S. This includes the Blackline Specification, which is enhanced by black door mirrors and side sills, dark tint headlamps and rear lamps, red brake callipers and a unique bumper design at the front and rear.

An elongated tailgate spoiler in the style of Bentayga Speed, scythed 22" wheels and 'S' badging complete the stunning exterior.

The striking look continues inside the cabin, with the luxurious interior enhanced by a choice of eye-catching colour combinations, ensuring an exhilarating experience, right down to the very last detail.

Bentayga Speed. Exhilaration guaranteed.

Formidable power and breathtaking design create an incredibly immersive driving experience in the fastest SUV Bentley has ever made, harnessing the power of an advanced W12 engine.

Exclusive Speed detailing throughout the vehicle emphasises its status as the most powerful Bentayga. From the body-coloured elements on the highly sculpted exterior, to the elongated spoiler, dark-tint lamps to the front and rear, red painted brake callipers and a distinctive dark tint diamond matrix grille, its formidable presence can be felt wherever the road takes you.

Speed badging and exclusive 22" wheels further enhance its unique and compelling aesthetic, resulting in a car that perfectly balances sport, style and luxury.

A close-up photograph of the front of a blue Bentley car. The focus is on the iconic winged logo (Bentley crest) mounted on the hood, which is flanked by two silver wings. Below the hood is a large, ornate chrome grille with a honeycomb pattern. The car's body has a smooth, reflective surface.

DESIGN

Driven by design.

See, and be seen, in the distinctive Bentayga.

Following modern Bentley design language, Bentayga truly is a sight to behold. From its distinctive front grille and lights, and dominant upright face, to its bold lower bumper design with large intakes and deeply sculpted surfaces, this SUV makes its presence felt, wherever it is.

The striking roof spoiler creates both a commanding and elegant profile. This is complemented by a chrome fender vent that is positioned above the 'power line' along the car's profile. Meanwhile, the lower door mouldings catch the light for a captivating effect that naturally draws the eye to the distinctive wheels.

At the rear, the latest evolution of Bentley design continues. Jewel-cut elliptical tail lamps are set into a beautifully sculpted tailgate panel, which pushes the boundaries of seamless contouring to the limit and features a prominent 'Bentley' badge. Echoing the design of the rear lamps, the bold bumper features oval shaped split tailpipes.

It all results in a stunning, distinctive visual identity.

Dazzling, inside and out.

Bentayga turns to its elliptical front lamps to light the way. The headlamps bear Bentley's signature 'crystal cut' design, which achieves a unique effect with transparent internal surfaces and sharply defined diamond edges. A chrome 'crown' insert within allows the lamps to sparkle even when not illuminated. The main tail lamp function is contained within an intricate 'lattice pattern' ring. This results in a one-of-a-kind, deep three-dimensional glow that is unique to Bentley.

Inside, Bentayga's cabin sets the benchmark for SUV interiors – the ultimate in luxury, usability and the latest technology. It features an intuitive, high resolution, 10.9" touchscreen that spans the full width of the elegant centre fascia.

Light floods in from above to illuminate the luxurious interior, courtesy of the tilt and slide panoramic roof. Beneath it, every detail of the handcrafted cabin has been meticulously considered. The famous Bentley wings marque has once again inspired the architecture of the cockpit, forming the symmetrical, double-wing arrangement that flows from door to door.

For the driven.

When seeking the extraordinary, look no further than Bentayga.

Considered dimensions provide optimal leg room and comfort in the rear cabin, particularly in the Four Seat Comfort Specification allowing passengers to unwind without compromise.

You can choose from four, five or seven-seat* arrangements, along with the luxurious Front Seat Comfort Specification, included with Bentayga Azure. This offers a six-setting massage function and 20 different types of adjustments, including cushion and backrest bolsters, to offer both driver and passengers a truly indulgent and relaxing experience.

The optional Dark Tint Diamond Brushed Aluminium on the fascia and door panels is a modern take on a traditional finish. This technique creates a stunning visual 3D effect, resulting in added depth when viewed from any angle.

*Not available with hybrid engine.

Please refer to Specifications and Options pages 50-58 for standard and optional features. Not all options are available on all models and within all markets.

Bentayga Azure: a world of wellbeing.

From the sculpted exterior to the handcrafted interior, the welcoming Bentayga Azure has innovative and mood-enhancing ergonomic design at its heart.

Distinctive exterior features such as bright chrome lower bumper grilles, unique 22" ten spoke wheels and Azure badging set this SUV apart. Inside, Bentley's unique diamond quilting offers luxury you can touch throughout, adding an extra dimension of individuality. Two metal bulls-eye vents with organ stops adorn the outer sides of the fascia panels, while the centre vents create a symmetrical focal point that exudes balance and harmony. The heated three-spoke hide trimmed steering wheel and leather trimmed gear lever invite you to take hold, ensuring complete comfort for long adventures.

Your choice of fifteen hide colours is enhanced with contrast stitching, Dinamica headlining and Azure seat emblems. While sumptuous deep pile overmats in the front and rear complete a cabin you won't want to leave behind.

Please refer to Specifications and Options pages 50-58 for standard and optional features. Not all options are available on all models and within all markets.

Bentayga S: irresistible style.

The bold character of Bentayga S is clear from the moment you first lay eyes on it. The brooding look of the Blackline Specification makes this SUV even more striking, an effect enhanced further by unique exterior features such as black painted bumper details and door mirrors, as well as dark tint headlamps and tail lamps.

The rear view is just as powerful, with black painted split oval tailpipes, dark tint tail lamps and a larger rear spoiler emphasising the uncompromising performance aesthetic. This road presence is boosted still further by the addition of an exclusive and dramatic 22" wheel featuring five angular, scythe-like spokes that point in the same direction, whichever side the car is viewed from. A flash of colour in the form of red painted brake callipers contrasts beautifully with the black aesthetic for a final flourish.

The characterful interior continues the sporty feel, with a unique fluted seat design running down from the headrests and curving around the shoulder panel – an aesthetic found only in Bentayga S. Exclusive colour combinations contrast a dark hide with an accent colour, which can either be a similarly dark tone or a brighter shade. This is enhanced by a variety of Dinamica elements, including applications to the steering wheel and seat panels, for a truly bespoke cabin that can be personalised to your individual taste.

The distinctive S emblem, appearing on badging, illuminated treadplates and seats, completes the imposing look – one that is designed to reflect the exhilarating journey ahead.

Bentayga Speed: never blend in.

The formidable Bentayga Speed is the ultimate statement of luxury, style and performance – even before the impressive W12 engine roars into life. This impressive power can be seen in every inch of the phenomenal design unique to Speed.

Bold additions to the exterior design include unique front and rear bumpers, as well as new side sill extensions. A prominent tailgate spoiler hints at the performance potential within, while dark tint headlamps and tail lamps, accompanied by a dark tint chrome radiator matrix grille and lower bumper grilles, add to its commanding aesthetic. Speed badging and unique 22" ten spoke Speed wheels – available in three finishes – elevate this look further still.

Inside the cabin, an exclusive colour combination option incorporates Dinamica elements and unique colour accents to add an extra touch of luxury and refinement. This is accompanied by intricate contrast stitching of the diamond quilting – a feature available only on the Speed – where one of the twin stitching lines is replaced with a contrasting colour to create a captivating look.

Please refer to Specifications and Options pages 50-58 for standard and optional features. Not all options are available on all models and within all markets.

ENHANCED EXPERIENCE

Uncompromising in every sense.

There is no need to compromise on performance, capability or comfort when you choose the Bentley Bentayga. This commanding car has elevated the SUV to dramatic new levels, combining contemporary design with timeless craftsmanship to deliver an unmistakable aesthetic.

Alongside phenomenal power and innovative technology, practicality goes hand in hand with comfort. Whether you are golfing or skiing, heading across continents or across town, navigating roads or leaving them far behind, the versatile Bentayga is perfectly equipped for every journey.

A place to relax.

Regardless of where you are, you can rely on Bentayga's elegant cabin interior to provide you with the comfort you desire.

Every element of the cabin is crafted by hand. The veneers are carefully selected and meticulously mirror-matched to create a seamless flow of veneer around the car's occupants.

This refinement continues in the seats, where ergonomically designed cushions and backrests ensure complete comfort. For true audiophiles, the Naim for Bentley premium audio system promises to give you the best audio quality, from the deepest bass to the highest treble.

Within the spacious cabin of your Bentayga, the Touch Screen Remote (TSR) is conveniently located in the rear of the central console, allowing rear passengers to control a wealth of entertainment and features. These include rear seat massage, heating and ventilation, climate control and sound, for a comfortable and cocooning experience.

Wireless phone charging is integrated in the stowage area forward of the gear lever. A convenient feature that ensures you stay connected to the world around you.

From comfort you can touch, to comfort you can feel, this modern SUV uses air ionisers to purify the air in the car. By removing particles and impure contaminations from the air, they can enhance your wellbeing, wherever your journey takes you.

Please refer to Specifications and Options pages 50-58 for standard and optional features. Not all options are available on all models and within all markets.

Refined and practical.

When it comes to the realities of modern luxury living, the uncompromising Bentayga is a car for all seasons and all lifestyles.

Innovative features have been designed to enable a whole spectrum of outdoor pursuits, across a vast range of climates and temperatures – from sea level on the Côte d'Azur to the snowline in the Sierra Nevada – so that your destination can be as exhilarating as the journey. Both V8 and W12 powertrains can deliver a towing capacity of 3.5 tonnes – more than ample for speedboats, gliders and horseboxes. The electrically retracting tow bar lies behind the rear bumper when not in use.

All features and accessories, from an aerodynamic roof box to a range of tailored storage solutions for skiing, fishing, diving and other active pursuits, offer the luxury of practicality, whilst echoing the unmistakable Bentayga styling. The spacious boot provides ample storage space, while the hands-free tailgate, easy-load boot function and load assist tray enable effortless opening, closing and loading.

Please refer to Specifications and Options pages 50-58 for standard and optional features. Not all options are available on all models and within all markets.

PERFORMANCE

The ultimate SUV.

Bentayga delivers Bentley's unique and exhilarating driving experience through a balance of raw power and efficiency, making it supremely versatile on-road and off-road. As should be expected, it possesses the typical Bentley characteristics of phenomenal torque with ample reserves of power – ensuring a surge of acceleration is always available should it be needed.

Whether you're experiencing the lively V8 engine, the formidable W12 engine or the hybrid powertrain's seamless combination of a V6 engine with an innovative E Motor, you will feel Bentayga's thrilling capabilities – with Bentley's DNA defining them all. Each engine delivers the Bentley hallmarks of exhilarating power and dynamic performance.

Perfectly controlled, everywhere.

The engrossing driving experience offered by the thrilling Bentayga range is enhanced by exceptional ride comfort and phenomenal handling – both on and off the road.

The 8-speed transmission ensures optimum gear selection and smooth, irresistible acceleration through multiple gear changes. In addition, the 48-volt active roll control system known as Bentley Dynamic Ride* unites the presence of an SUV with the performance of a sports car and the refinement of a luxury saloon.

This incredible SUV is engineered to perform perfectly at lateral and longitudinal angles of up to 35°, and in a wading depth of up to 500 mm. The advanced Torsen All-Wheel Drive (AWD) system delivers power to the wheels with the greatest available traction – while delivering unwavering confidence to the driver.

*Not available with hybrid engine.

Please refer to Specifications and Options pages 50-58 for standard and optional features. Not all options are available on all models and within all markets.

The serene hybrid powertrain.

The progressive plug-in hybrid powertrain combines powerful performance and forward-focused technologies.

The advanced E Motor and 3.0 litre V6 combustion engine work in perfect harmony to provide the sort of dynamic power and performance you'd expect from a Bentley grand tourer, both in the city and beyond. Working together, this empowering combination delivers 700 Nm (516 lb/ft) of combined torque. This allows you to reach 0 to 60 mph in just 5.1 seconds (0 to 100 km/h in 5.3 seconds), before surging on to a top speed of 158 mph (254 km/h).

Three intelligent driving modes ensure that you can enjoy the most serene and efficient drive at all times. The all-electric EV Drive mode is optimised for short journeys and city driving, while Hold is designed to preserve battery charge. Hybrid mode intelligently combines the V6 engine and E Motor to maximise range and performance, using information from your planned journey in the navigation system.

Back at home, the elegant Bentley charging dock enables you to recharge your Bentayga between drives, with two programmable timers allowing you to plan ahead for specific departure times. A convenient charging time of 2.5 hours can be achieved when using an industrial socket, while domestic sockets yield a full charge time of just 7.5 hours.

Charging cables for both domestic and industrial connections are supplied, and the state of the charging can be controlled via your smartphone or the onboard charging point. The intuitive energy flow screens on the main infotainment unit put drive and battery states, as well as electric range information, right at your fingertips.

Bentayga Azure (hybrid) is available to order in most markets, but is currently not available in EU27, UK, Switzerland, Israel, Ukraine, Norway, Turkey and Vietnam.

The V8 engine. Groundbreaking performance.

Experience the most advanced Bentley V8 engine ever built. Powerful and efficient, it offers exhilarating performance and a dynamic driving experience accompanied by a distinctive sound that announces the car's immense capabilities.

This innovative engine can produce a thrilling surge of power, with 542 bhp (550 PS) at your disposal. It reaches its maximum torque of 770 Nm (568 lb ft) at just under 2,000 rpm and maintains this through to 4,500 rpm. This ensures rapid acceleration whatever your driving speed – enabling your Bentayga to take you from 0 to 60 mph in just 4.4 seconds (0 to 100 km/h in 4.5 seconds), and on to a staggering top speed of 180 mph (290 km/h).

The V8 engine isn't just relentless, it's also highly efficient. It employs a Variable Displacement System to shut down four of the eight cylinders when not required, reactivating them again as soon as they are needed without the driver even noticing. 'Start-stop' technology is deployed not only when the vehicle is stationary, but also at 'near-stop' speeds. The result is combined emissions of just 294 g/km of CO₂*¹, a combined driving fuel economy of 21.7 mpg (13.0 1/100km)* and a generous range of 406 miles (654 km)*.

In short, the V8 engine delivers exhilaration as well as efficiency to create an extraordinary driving experience.

¹*WLTP Cycle.

Bentayga S. Engage Sport mode.

For those who want performance and sheer thrills, look no further than the Bentayga S: a truly sports-focused SUV.

While Comfort mode provides the luxuriously smooth ride you'd expect from a luxury car, the specially calibrated Sport mode makes subtle adjustments to the engine, the transmission and the suspension, for a more dynamic drive.

In the V8 configuration, the Bentley Dynamic Ride active roll control system gives the front axle extra grip, ensuring incredibly responsive steering.

Responsiveness is heightened further still by the fine-tuning of the Electronic Stability Control, and an increase in torque vectoring by brake enhances agility. In addition, a more blended Traction Control System gives you total confidence in all conditions.

The riveting performance is made even more captivating by an exhilarating finishing touch: put your foot down in Sport mode and you will hear a thrilling roar as the surging acceleration pushes you back into your seat.

Bentayga Speed and the W12 engine. Unrivalled performance.

Bentayga Speed puts the formidable power of the class-leading W12 engine in your hands, offering ferocious performance with breathtaking top speeds. This is the most powerful SUV Bentley has ever made – and it's the fastest SUV to ever grace the road.

The W12 engine's phenomenal power translates to a maximum torque of 900 Nm (664 lb ft) and a 0 to 60 mph time of just 3.8 seconds (0 to 100 km/h in 3.9 seconds). With 626 bhp (635 PS / 467 kW) at your disposal, it will continue to gain speed for as long as the accelerator pedal is depressed, before reaching an unrivalled top speed of 190 mph (306 km/h)*. Meanwhile, start-stop and variable displacement technology ensure maximum engine efficiency is achieved wherever the road takes you.

For the ultimate Speed driving experience – and to witness the full performance potential of this incredible SUV – Sport driving mode has been reimagined to create an addictively dynamic experience. This mode optimises power, transmission and suspension to work in fine-tuned harmony at high speeds, providing a new dimension to the three other driving modes available: Comfort, Bentley and Custom.

*Max speed when fitted with Carbon Ceramic Brakes.

TECHNOLOGY

Intuitive technology.

Bentley has long set the standard in luxury, all-wheel drive engineering, integrating the latest technologies in discreet and unobtrusive ways. Born of 'intelligent functionality', they are designed to enhance the enjoyment of driving.

Created with the driver in mind, the technology within the commanding Bentayga range can be easily configured to suit your personal tastes, including several driver assistance systems to aid urban driving, grand touring and more robust off-roading.

This innovative SUV comes equipped with the latest suite of Connected Car services, accessible in-car and remotely via the My Bentley app, allowing you to monitor the location and status of your car, and control a host of functions wherever you may be. These services are designed to enhance your journey, making it safer, smarter and more convenient – even when you are apart from your vehicle.

However, the connectivity doesn't end with you and your car. Bentayga harnesses infrastructure data such as real time traffic information, green traffic light prediction and swarm services from other road users to warn of potential hazards on your chosen route. These Connected Car services mean the progress of your journey can remain uninterrupted, so whatever adventures you embark on, each can be relished to the full.

To explore more innovative features, visit
BentleyMotors.com

Please refer to Specifications and Options pages 50-58 for standard and optional features. Not all options are available on all models and within all markets.

From city roads to no roads.

Remarkable performance allied with exceptional handling and peerless ride comfort lets you experience every environment in world-class refinement.

The Drive Dynamics Control lets you adapt to your surroundings using an intuitive rotary dial. Whether you're navigating the city or enjoying the open road, you can switch instantly between four on-road, driving modes – Comfort, Sport, Custom and Bentley.

The All-Terrain Specification* adds four additional Responsive Off-Road Settings, to deliver more drive modes than any other car. The 'Snow & Grass' setting provides grip on low friction surfaces, 'Dirt & Gravel' gives optimum traction on loose debris, 'Mud & Trail' configures the car's systems for muddy, uneven surfaces and 'Sand' gives greater confidence over dunes. And all the while, exhaustively tested underfloor protection ensures all key components are protected.

*Not available with hybrid engine.

Please refer to Specifications and Options pages 50-58 for standard and optional features. Not all options are available on all models and within all markets.

An unrivalled driving experience.

The experience of driving a Bentley always has been – and always will be – at the heart of what makes it such an exceptionally desirable automobile. The thrilling Bentayga is no exception.

Its comprehensive driver assistance systems are focused on enhancing and perfecting the ride experience – creating a cocoon of unrivalled comfort and security. A wide range of technologies have been developed to aid driving in the city: Blind Spot Assist, Exit Warning, Reversing Traffic Warning, Traffic Sign Recognition, Top-View Camera, Pedestrian Warning and more. The Head-Up Display artfully feeds driving-relevant information into your line of vision, without distracting from your driving view.

Longer journeys also take on a greater sense of freedom. Adaptive Cruise Control, Night Vision, Bentley Safeguard Plus and High Beam Assist allow you to enjoy your Bentayga's performance at speed on the open road.

Please refer to Specifications and Options pages 50-58 for standard and optional features. Not all options are available on all models and within all markets.

Connect to more.

Bentayga is poised and equipped with the latest suite of Connected Car services, harnessing real-time information to respond intelligently to the ever-changing world around you. These intuitive services are accessed seamlessly in-car, or remotely via the My Bentley app – the ultimate partner to any Bentley owner – making your journey and your daily life smarter, safer and more convenient.

Smart

Real-time traffic information gathers up-to-the-minute traffic data into the navigation system, enabling you to plan more effectively and avoid traffic congestion by dynamically re-routing your journey. In addition, your Bentayga can utilise the power of cloud data to enhance every journey. Google's Point of Interest search provides easy, voice-controlled access to information about notable locations you may encounter on the way, while song recognition, news and weather feeds add further infotainment, effortlessly integrating technology as you drive.

With a built-in Wi-Fi hotspot*, you and your passengers can wirelessly* link your smart devices to the touchscreen through Android™ Auto or Apple CarPlay® – enhancing the Connected Car experience and allowing you to bring your world into your SUV. The content from your device is displayed on the section of the screen furthest from the driver, so that useful driving information is never obscured.

Safe

Innovative safety features include Private eCall and Roadside Assistance, which automatically connect you to a Bentley Emergency Call Centre or the Bentley Roadside Assistance team in the event of an accident, establishing your location and condition of the vehicle.

Furthermore, Theft Alert and Perimeter Alert will send you push notifications if your car leaves a predefined geographical area or if the alarm is activated.

Convenient

Every journey in a Bentley Bentayga can be seamlessly interlinked with your day-to-day life. Calendar integration synchronises your personal device calendars with the car and your My Bentley app, combining them with features such as Auto Read Out and navigation assistance. Natural Speech Interaction allows voice control of over 200 functions within your car, ensuring your hands needn't leave the wheel.

When you're apart from your car, Activate Heating allows you to adjust the climate control, preparing your cabin and passenger area with an optimum temperature ahead of your journey. You can even check the status of your locks, lights, mileage and fuel.

Always on

The My Bentley app is quite simply your essential companion, allowing you to stay connected to your car, wherever you are in the world. From knowing where it is and accessing its status, to locking it and controlling specific functions, it provides the ultimate convenience.

Every aspect of the My Bentley app benefits from automatic updates, meaning new features will be deployed and improved without you having to tap a finger. Simply search and download the My Bentley app on the App Store or Google Play.

The city, recharged.

Those who choose a hybrid engine can enjoy connectivity and technology on a whole new level. This is thanks to a suite of features designed to add control and confidence, even when you're away from your car.

When driving in Hybrid mode, the powertrain's intelligent navigation system maximises range and efficiency from the outset by choosing the most appropriate power source for each stage of your journey. If your route takes you through a city with an electric-only zone, it will even account for this in its planning, making sure the battery keeps enough power in reserve during the earlier stages of your journey.

Hybrid-specific Connected Car features let you make the most of your car and your journey. Accessed via the My Bentley app, tools such as My Battery Charge allow you to initiate charging remotely, while the E-Charging service lets you search and discover charging stations near you, however far you've travelled from home. For your comfort, a remote heating and cooling feature enables you to optimise the cabin environment before you even enter it.

Connected Car services vary by market,
please visit My Bentley support site for details.

Screen time, reimagined.

31

For stunning views, you do not have to look far.

Every Bentayga features a high-resolution touchscreen infotainment system. This 10.9" screen has a resolution of 1920 pixels by 720 pixels, providing sharp, crystal-clear images, and is underpinned by cutting-edge software to provide a high level of future-proofing. Here, you can now intuitively control your personal device or smartphone which connects to the screen wirelessly via Android Auto or Apple CarPlay® for a seamless experience.

There is also a fully digital driver's information panel located behind the steering wheel, not only creating a contemporary look within the cockpit, but providing more customisation and choice. For example, there are two main views, classic, which shows the traditional two dial design, or expanded, where only the left dial is in view, giving an expanded area for maps and media depending on your personal preferences.

For the ultimate in passenger comfort and enjoyment, choose the optional Bentley Rear Entertainment System. Two 10.1" screens sit behind the front seat headrests providing access to a world of entertainment. Netflix comes pre-installed, while other apps work seamlessly. The sound can be enjoyed as an immersive experience through the car's sound system or via Bluetooth to the supplied headphones, or your own headset or earbuds.

Please refer to Specifications and Options pages 50-58 for standard and optional features. Not all options are available on all models and within all markets.
Apple CarPlay is a registered trademark of Apple Inc.

PERSONALISATION

Express your desire.

33

With a host of accessories and styling options allowing you to configure your Bentayga to your personal taste, it is highly unlikely you will ever see another one like yours.

You can choose from an extensive palette of exterior paint colours, all of which are designed to maintain their brilliance for many years to come. With numerous different wheel designs, hide options, beautiful natural veneers and distinctive trim options, almost every visible feature of your Bentayga can be customised to your own specification. To make a real statement, the dramatic Blackline Specification, which is included with the commanding Bentayga S, replaces the exterior brightware with a black-painted trim.

Inside, the unique fluted seat design transforms based on your choice of colour. With five hide colours, including Beluga, Cricket Ball, Imperial Blue, Newmarket Tan and Porpoise, you can set the tone of your cabin. Or with the Colour Specification, you can pick from ten additional colours – allowing you to choose any of the interior colours and colour combinations.

Should you desire even more freedom to tailor your Bentayga, the Mulliner Personal Commissioning team in Crewe can undertake completely bespoke modifications to meet your specific requirements.

Please refer to Specifications and Options pages 50-58 for standard and optional features. Not all options are available on all models and within all markets.

Bespoke commissioning from the expertise of Bentley Mulliner.

In the early days of motoring, drivers bought a vehicle comprising just an engine, drivetrain, four wheels and a set of controls. The rest required a coachbuilder, such as Mulliner. Still, today, no-one is better placed to help make your car an expression of your unique style.

At Bentley, the Mulliner Personal Commissioning team provide bespoke customisation which is virtually limitless. For instance, the colour of any object in your possession can be matched to create your own personal paint colour. The same is true for your hides – any colour you can find, or dream, can be perfectly matched and made for you only.

The team in Crewe can also create personalised embroidery for your seats, handstitched from any design of your choosing. Not to mention exquisite marquetry inlays to your veneers, manifesting your unique vision through timeless artisan craft.

To explore the endless possibilities, simply visit the [website](#), or ask your Retailer about the Personal Commissioning Guide.

Please refer to Specifications and Options pages 50-58 for standard and optional features. Not all options are available on all models and within all markets.

Exterior finish.

Colour can be a powerful expression of who you are. That's why we offer a wide range of exterior colours carefully curated by the Bentley design team, each one chosen to emphasise the unique presence of your Bentayga on the road.

There are seven standard exterior colours for Bentayga and Bentayga S, and 16 on the Bentayga Azure and Bentayga Speed. In addition, you can also choose from an extended range and a palette of Mulliner paints that includes a vast range of solid, metallic, satin and pearlescent options, giving you the choice of over 80 colours in total. And, for the ultimate in personalisation, **Personal Commission Paint by Mulliner** allows you to match a colour that is as unique as you are. The only limit is your imagination.

Please refer to Specifications and Options pages 50-58 for standard and optional features. Not all options are available on all models and within all markets.

Intrepid wheels.

Your choice of wheel can subtly or dramatically alter the character of your SUV. Bentayga Azure, Bentayga Speed and Bentayga S each come with a unique 22" wheel design, all of which draw the eye whether the car is stationary or in motion.

And you can make each wheel stand out even further with a choice of breathtaking finishes. The painted finish is elegant and understated to give your vehicle a refined aesthetic while polished wheels gleam, accentuating the luxury characteristics of the car. The black finishes complete a sporty aesthetic, creating a commanding presence that suggests high speeds await.

To explore the options for yourself, visit the [Bentley Configurator](#).

Compelling veneers.

Bentley's enthusiasm for fine materials and handcrafted finishes can be clearly seen in Bentayga's flawless veneers. Sustainably sourced from forests around the world, each leaf of wood can be traced right back to the tree it came from; the beginning of an intricate process that takes around five weeks for every car. The veneers are sanded and lacquered five times, taking a full ten days to reach the Bentley standard of finish. The resulting shine is both lavish and deep, beautifully highlighting the natural grain of the wood.

Our vast choice of veneers is detailed on the next page, including a range of tactile open pore veneers, or Piano Linen by Mulliner to the fascias and waisttrails.

Should you desire an even more contemporary twist, discover our latest eye-catching technical finishes, including high-gloss Carbon Fibre, offering a formidable sporty element; or the stunning Dark Tint Diamond Brushed Aluminium, where each diamond is brushed in three directions to give an exceptional, textured 3D effect finish.

How will you make your fascia a thing of beauty? Create yours using the **Bentley Configurator**.

Please refer to Specifications and Options pages 50-58 for standard and optional features. Not all options are available on all models and within all markets.

PERSONALISATION

Please refer to Specifications and Options pages 50-58 for standard and optional veneers.
*Applied to fascias and wastrails. Customer choice of veneer or technical finish down the centre line of the car.
**Applied to fascia and door wastrail. Piano Black to centre console and picnic tables (if selected).

Natural hides.

Every inch of your car's interior is upholstered by hand. Crafting the hand-selected leather hides is a time-honoured process involving skills that take years to learn.

From the fascia to the blind stitching, every inch of the cabin requires a specialised approach. Sections of the hide with high natural elasticity are reserved for curved surfaces like the seats, rather than for piping or flatter areas such as door inserts. The steering wheel, meanwhile, is covered in a highly resistant leather to ensure the natural chemicals from the driver's skin are not absorbed, creating grip, comfort and longevity.

The Bentley design team have carefully selected a range of standard leather colours, with further options and colour combinations available. These include the new Mulliner Colour Specification, which brings eight new accents for an additional burst of colour. Each one lets you express your individual style while complementing the interior perfectly.

In addition, Bentayga Azure and Bentayga Speed come with the exclusive Colour Specification, giving you the choice of any hide colours and colour combinations in the range.

Please refer to Specifications and Options pages 50-58 for standard and optional features. Not all options are available on all models and within all markets.

Styling and Blackline Specifications.

The stunning Styling Specification enhances the contemporary, sporty features of your Bentayga with a carbon fibre tailgate spoiler, front bumper splitter and side sills.

For a more imposing presence, the commanding Blackline Specification exchanges the exterior brightware, replacing it with a bold, black-painted finish. This includes a black matrix grille and surround, black exhaust tailpipe trims, roof rails, window surrounds, wing vents, door trim, door handles and lamp bezels which completes a look that will certainly stand out.

The striking Bentayga S comes equipped with the Blackline Specification, allowing you to enjoy the dramatic effect that reflects this SUV's uncompromising attitude.

Please refer to Specifications and Options pages 50-58 for standard and optional features. Not all options are available on all models and within all markets.

Specification Packages.

To make it even easier to specify your Bentayga, our engineers and designers have created groups of features, from technology packages that make driving easier to collections of exquisitely crafted styling enhancements that suit your lifestyle.

CITY SPECIFICATION

- Park Assist
- Top View Camera
- Pedestrian Warning

The Bentley configurator.

Taste is a wonderful thing to have, and it is something you can use to make your Bentayga truly unique. Use the Bentley configurator to make your distinctive SUV as individual as you.

Start your extraordinary journey today. Visit the [Bentley Configurator](#).

Financing your Bentayga.

Our finance agreements are tailored to ensure you make the most of your investment.

While other financiers look only at the circumstances of the customer, Bentley Financial Services creates bespoke packages, based not just on your needs and income, but also on the vehicle you have in mind. To discover more, please talk to your local Bentley Retailer or visit BentleyMotors.com

Experience it for yourself.

As with every Bentley, there is only one way to truly appreciate this remarkable SUV – to sit in the driving seat, take the wheel in your hands and feel the breathtaking surge of acceleration as you put your foot down.

To take the next step on the journey of acquiring your Bentayga, we recommend a conversation with a Bentley Retailer. You can find your nearest showroom [here](#).

WORLD OF BENTLEY

The Bentley Collection.

The Bentley Collection is a selection of lifestyle products inspired by the distinctive design of our cars. With many items lovingly crafted by highly skilled artisans, the Bentley Collection takes our exciting heritage and vision for the future, and seamlessly weaves it into extraordinary statement pieces.

From statement pieces for the home that elevate your everyday, to lovingly handcrafted pieces that make the most extraordinary gifts, you can bring Bentley's unrivalled refinement to every aspect of your life.

To view the complete range, please contact your local Bentley Retailer or visit the online store at BentleyCollection.com

The Bentley Experience.

This unique tour offers an unrivalled opportunity to explore behind the scenes at the home of Bentley in Crewe and visit the flagship showroom, CW1 House.

Available as an onsite, real-world experience or virtual tour, our experienced, knowledgeable hosts will share rare insights into the design and engineering required to create a Bentley. You will meet the craftspeople who build your car and witness the skill and detail that goes into creating your personalised Bentley. You'll also discover the innovations and techniques they're using to craft a sustainable vision of the future.

The Bentley Experience offers a truly tailored journey, with exclusive access to the historic factory, and your questions answered as you go – by experts who share your passion for Bentley. You can even collaborate with them to commission your own highly personalised Bentley.

Extraordinary Journeys.

We run a number of events each year for Bentley drivers and admirers, such as Extraordinary Journeys. These occasions offer the experience of seeing Bentley craftsmanship up close, while also offering a great deal more in the way of discovery. Participants experience aspects of Bentley beyond the car – a love of beautiful locations, a focus on wellbeing, an exploration of sustainability, and the chance to meet inspiring people who are reshaping the world.

In the UK, for example, Bentley enthusiasts have the opportunity to tour the home of Bentley in Crewe before setting off on a journey that includes sustainable fine dining, some of the country's most notable landscapes and landmarks, and hospitality at a range of forward-thinking establishments.

To discover more, please talk to your local Bentley Retailer or visit BentleyMotors.com

The Bentley Network app.

Imagine an app that puts the world of Bentley in your hands. The Bentley Network app provides access to essential owner services, an exclusive line of communication with Bentley and membership of a global community of like-minded owners – placing the future of Bentley, quite literally, at your fingertips.

Available exclusively to Bentley owners, the app is a fast track to a world of unique events – with priority invitations to everything from thrilling driving experiences to unique customer experiences in collaboration with luxury brands, such as The Macallan. Through the Bentley Network app, you will be the first to hear our latest news, announcements and exclusive content. You can also share your ideas, inspiration and experiences with an online community of like-minded owners. You can download the Bentley Network app [here](#).
