A dark green Bentley Flying Spur sedan is shown from a front three-quarter view. The car is positioned in a studio environment with a light-colored wall and floor. The car's design features a large, prominent grille with the Bentley logo, round headlights, and multi-spoke alloy wheels. The text "INTRODUCTION" is overlaid in white capital letters on the side of the car.

INTRODUCTION

New Flying Spur

THE NEW FLYING SPUR. YOUR WAY.

The new Flying Spur is a groundbreaking, luxury sedan; designed for those who love to drive or delight in being driven. It combines effortless performance, sculpted design and exquisite craftsmanship to transport you to new heights of exhilaration.

With accessories inspired by the stunning materials and potent nature of your car, you can harness this potential at every turn. Whether you want to enhance its powerful presence, adjust the functionality to fit your needs, or simply source practical additions that make every drive effortless, this collection is crafted to enrich your car.

EXTERIOR

CARBON FIBRE STYLING SPECIFICATION

Enhancing the sumptuous silhouette and eye-catching contours of the Flying Spur, the Carbon Fibre Styling Specification complements your car's capabilities while creating a sporting aesthetic that aligns flawlessly with its aerodynamic performance.

It adds a selection of exterior elements handcrafted in high-gloss carbon fibre, the material of choice in the motorsport world, for optimum strength and durability. Featuring a front splitter, rear diffuser, boot lid spoiler and Bentley-branded side sills, every dramatic detail catches the eye – ensuring you always arrive in style.

BLACKLINE SPECIFICATION

The Blackline Specification brings a commanding and bold character to the Flying Spur, enhancing its head-turning presence. Replacing the exterior polished chrome with all-black brightware, its dramatic cues include side window surrounds, wing vents, lower door and rear bumper brightware, headlamp and rear lamp bezels, radshell matrix, door handles and exhaust tailpipes.

AKRAPOVIČ X BENTLEY TITANIUM SPORTS EXHAUST

Introducing our latest collaboration with Akrapovič, one of the market-leading manufacturers of premium exhaust systems. The result of this partnership is a powerful new accessory: the Akrapovič x Bentley Titanium Sports Exhaust.

It's engineered to amplify your car's power, presence and sportiness, with an unmistakable roar that will leave your spine tingling.

This thrilling sports exhaust is available across all new Flying Spur models (from 2025) as a retro-fit at your local Bentley Retailer, and is available to order as a factory-fit option for all new Flying Spur models and derivatives.

WHEELS & TYRES

STRIKING WHEELS

With a wide range of designs and finishes, you can tailor the appearance of your car to your exacting preferences and create definition from the ground up. From hand polished edges to painted and bright machined details, these meticulously crafted wheels create an attitude as dynamic as the drive.

WINTER TYRES

When winter comes, we think the thrill of driving your Bentley should go on and on. That’s why we developed our Winter Wheels and Tyres package, to help you keep your grip on the road in challenging conditions like ice, sleet and snow. As soon as temperatures dip below 7°C, summer tyres no longer perform at their best. By switching to Winter Tyres, you’ll benefit from special treads and rubber compounds that give improved traction and control.

Winter Wheel and Tyre options

21" Ten twin-spoke wheel – grey painted and bright machined

Wheel options

22" Sports alloy wheel – Pale Brodgar Satin

22" Sports alloy wheel – black painted

22" Ten spoke wheel – black painted

22" Ten spoke wheel – silver painted and bright machined

21" Ten twin-spoke wheel – painted

WHEEL ENHANCEMENTS

SELF-LEVELLING WHEEL BADGES

The Self-Levelling Wheel Badges add an extra touch of elegance to your drive. Easy to install and available across an extensive selection of Bentley wheels that have a standard hub cap, these badges ensure the Bentley 'B' is always upright as your wheels rotate. Available as a set of four.

RED BRAKE CALLIPERS

Unique and eye-catching, Red Brake Callipers, bearing the Bentley name in white, make an assertive statement that works particularly well with the Blackline Specification.

INTERIOR & TECHNOLOGY

New Flying Spur

JEWEL FUEL AND OIL FILLER CAPS

Sometimes the smallest details say the most. That's why, when it comes to personalising your Bentley, we've thought of everything. From the big enhancements down to the finest finishing touches.

JEWEL FUEL FILLER CAPS

It doesn't get much more personal than this. The Jewel Fuel Filler Cap is a small yet beautiful touch for your Flying Spur – even if you're the only one who knows it's there.

CHROME OIL FILLER CAP

Exclusive details for every part of your Bentley – even beneath the bonnet. The Chrome Oil Filler Cap demonstrates the exceptional lengths we go to, ensuring there's great design to match the workmanship of your car.

WELCOME LIGHTS

The perfect start or end to your journey. Our Welcome Lights use a small but powerful LED light to project the Bentley wings emblem onto the ground as you step in or out of your vehicle. Available with standard or animated sequences.

BENTLEY DRIVE VISION AND DUAL DRIVE VISION

While you're enjoying the drive, the Bentley Drive Vision and Dual Drive Vision captures the road and so much more. It's your co-pilot for safety and security, looking out for you when you're behind the wheel, and when you're away from your car. The range includes two products: the Bentley Drive Vision, featuring a single front camera, and the Bentley Dual Drive Vision, which offers both front and rear cameras. Bentley Drive Vision and Bentley Dual Drive Vision are compatible with all Flying Spur models from 2018 onwards.

STEERING WHEELS

Within your Flying Spur, you can always expect driver-centric design. Meticulously stitched from the finest leather, the Single-Tone Hide Steering Wheel puts refined elegance at your fingertips, along with a choice of integrated controls. If you want to highlight the individual character of the cabin further, the Duo-Tone Hide Steering Wheel is finished in both the primary and secondary colours of your car's interior.

CABIN ENHANCEMENTS

Along with an extensive choice of exquisite single veneers, striking dual veneers or technical finishes, you can add further accessories to enhance your cabin space.

DIAMOND KNURLING BEZEL CLOCK

For those who want to fuse contemporary design with Bentley's unique heritage, the Diamond Knurling Bezel Clock is the perfect addition. This analogue timepiece features innovative materials and precision engineering, creating a stunning focal point to your dashboard.

SPORTS BRAKE PEDAL

Celebrate your Flying Spur's formidable power with the striking Sports Accelerator and Brake Pedals that bring a touch of drama to the cabin. Please note, regional applicability applies. Please contact your Bentley Retailer for further information.

REAR SEAT ENTERTAINMENT

Secured to the back of the front seats, the Bentley Rear Seat Entertainment system features two high definition 10.1" screens that provide endless miles of entertainment for your rear cabin passengers.

Content can be effortlessly streamed from a personal mobile device, giving your passengers the choice of whatever they want to watch. Simple to connect and remove, the system combines the functionality of a fully integrated system with the convenience of a mobile tablet, for entertainment that doesn't have to stop when you reach your destination.

HEADPHONES

To complete the experience, you can opt for Bentley Bluetooth Headphones. These elegant over the ear headphones connect seamlessly to your devices, allowing you to stream your entertainment in crystal clear quality.

A dark-colored Bentley Flying Spur is shown from a front-three-quarter perspective. The car is positioned in a minimalist studio environment with a light-colored floor and a dark background. The text "CAR CARE & PROTECTION" is overlaid in white, bold, sans-serif capital letters across the center of the car's body.

CAR CARE & PROTECTION

New Flying Spur

ALL WEATHER FLOOR MATS

The most practical parts of your Bentley should look and feel as elegant as any other. With a range of protective accessories available, form follows function in every aspect of your car.

ALL WEATHER FLOOR MATS

Our All Weather Floor Mats keep your footwell pristine, adding further protection from the elements. Whether that's wet, muddy shoes or paws, we have you, and your upholstery, covered.

DEEP PILE FLOOR MATS

Deep Pile Floor Mats transform the footwell with a plush and durable finish. Choose from an array of options, including the spectacular Wilton weave, made from 100% pure lambswool to add further comfort and a luxury feel to the front and rear of the car.

INDOOR CAR COVERS

Our sleek, black Indoor Car Covers safeguard the supreme quality of your Bentley, preventing any damaging effects from dust or scratches when stored in locations such as garages or underground car parks. An added layer of protection and peace of mind.

Stitched to follow the flowing contours of your Flying Spur perfectly, each cover features a printed Bentley emblem and is supplied with a practical storage bag for when it's not in use.

TYRE CARE

TYRE INFLATION KIT

In the event of a minor puncture, our Tyre Inflation Kit contains a tyre sealant and an inflation compressor, enabling you to make a temporary repair that allows you to get home, or to a garage, safely.

TYRE CRADLES

If you won't be driving your Flying Spur for an extended period of time, a set of four Tyre Cradles offer unparalleled long-term protection. Made using unique polymers that ensure the tyres are supported while they cool, they help to prevent flat spotting.

PAINT PROTECTION FILM

Few things compare to the polished perfection of a new Bentley – and the excitement of taking your new Flying Spur out on the open road. That's why we recommend adding our front wrap or full wrap Paint Protection Film, to protect your car from unsightly chips and scratches. Fitted by a specialist team at our state-of-the-art facility in Crewe, it's crystal clear and self-healing to provide exceptional protection.

FRONT WRAP

Front wrap paint protection film protects the paintwork at the front of your car and it can be fitted to all new Flying Spur models. The front wrap film now includes side sill protection for enhanced coverage and extra peace of mind.

FULL WRAP

Our full wrap Paint Protection Film can also be fitted to all new Flying Spur models. As the self-healing film covers the paintwork of the entire vehicle, it protects against chips, scratches, stains and UV light.

Please note, Paint Protection Film will not cover any chrome features fitted to the car and it cannot be applied to satin paint.

PET PROTECTION

BESPOKE SEAT PROTECTION COVERS

Made-to-measure, premium quality covers that protect your Bentley's upholstery from scuffs, scratches and dirt. Expertly contoured to fit your seats, they preserve access to all seat functionality, including ISOFIX fittings and seat belt anchor points. Designed for convenience, they are quick and easy to fit and remove whenever required.

PET REAR SEAT PROTECTIVE COVER EXTENDER + DOOR CARDS

Designed as an upgrade to the Bespoke Seat Protection Covers, this accessory extends coverage beyond the rear seats to include the back of the front seats and inner door panels. Crafted from premium quilted fabric with a waterproof base layer, it offers added protection for your Flying Spur's interior while travelling with pets.

TOURING & TRAVEL

New Flying Spur

SPIKES SPIDER™

Winter shouldn't stop you from enjoying your new Flying Spur. With our specially selected accessories, you can drive with complete confidence.

The Spikes Spider™ has been specially tested and developed to suit all types of wintry conditions, whether driving through sleet, heavy snow or on compacted ice. A modern spin on the tried-and-tested snow chain, the Spikes Spider™ offers superb traction and safety in the toughest conditions.

Please note, the Spikes Spider™ is not designed to be fitted to 22" wheels. Please ensure you check the size of your wheels before fitting.

Please note, regional applicability may apply to specific Bentley Accessories. Please contact your Bentley Retailer for further information.
